**PATRICIA NULAND CHANDLER**  
March 22, 1952 - February 16, 1986

Pat Chandler first came to Mowglis in 1973. During that summer and again in 1976 she shared with her husband Rick the leadership of the Cubs. As one who participated in thirty Mowglis summers I remember vividly those many staff people who brought special talent and unusual devotion to their work. There were a few whose enthusiasm and selflessness set them apart from all the rest. Pat was one of these. From the very beginning she seemed to understand what is meant by "Mowglis spirit," and in a quite remarkable way she added to that spirit, bringing joy and blessing to the boys under her care and to those of the staff who were privileged to serve with her.

—William B. Hart

*"We be of one blood, brothers!"*

## *Mowglis Pack History, 1986*

The 1986 Mowglis season was one of many strange and remarkable events, the first of which took place in Philadelphia, when Franklin Williams arrived on time at the travel party departure point for the second consecutive year. The travel party went on to arrive an entire and unprecedented hour early, and the boys disembarked ready for another season of excitement and accomplishment, even if it meant getting wetter than usual, for it must be mentioned: We had our share of rain. And as if that were not enough, we also had a hailstorm, when for minutes on end we watched as the camp was pelted by marbles of ice, larger than any there had ever seen. But rain or shine, all industries met and worked busily. The White Ribboners swam endless laps at the waterfront, the Nature Industry scrutinized the lifestyles of local chipmunks, and the woods rang with the sound of yet another stately pine being subdivided by the Axemanship Industry. Daisuke Yamazaki fired shot after shot aiming for his Red White and Blue Ribbon, Soren deNiord attempted a topspin on his tennis ball, and Jamie Bradbury was beginning to realize he was running out of ribbons to earn. Overnight trips began right at the start of the season, as the Den divided into two groups to conquer the Carter Range. Due to atmospheric conditions, both groups were faced with challenges aplenty as they dodged lightening bolts along the ridge of Middle Carter, but even that did not seem as pressing an

issue as that of what their staff would prepare for the evening meal. Panther was graced with extremely good weather on their two pack trips to Mount Carrigan and to the Mahoosucs, and Akela went to Mount Cardigan and to the Montalban Ridge, a trip which culminates at Mount Washington, from the summit of which the boys were able to "phone home". Toomai went to Paugus Mills and Mount Chocorua as well as to Mount Cardigan, and were given a bonus trip to Belle Island, which they reached in one of the camp's new 25' war canoes. Baloo headed to Waterville Valley and Sandwich Dome, and they also enjoyed a leisurely canoe trip down the Saco River, an experience shared by the Den on a more demanding scale as they attacked the rapids on the Androscoggin River.

There was always something new going on to break up the normal routine of camp life: Mr. Walbridge, a Mowglis graduate and former staff member gave a fascinating lecture/demonstration about white water canoeing and equipment, a waterslide appeared on Landsports Day, and was back by popular demand on Woodmans Day, tennis stars like Becker and McEnroe were seen close up by those boys in the Tennis Industry chosen to go to the Volvo Tennis Tournament, and the caretaker of the Old Man of the Mountain presented the boys with a closer look at the best known symbol of New Hampshire during campfire. The Junior Staff made frequent trail clearing expeditions along

the Elwell Trail and its subsidiaries for which Mowglis assumes responsibility, and the Aides had an unforgettable trip with Clyde Smith, a former Tripmaster and now a Trustee, hiking and canoeing in the Connecticut Lakes region in New Hampshire's northernmost tip.

The weeks sped by, and all were surprised to find squad week upon us. The honor squads had plenty of the kind of weather to which they had become accustomed but did find the atmosphere in the AMC Huts to be sunny and warm. And suddenly it was Crew Week. The atmosphere, made colorful by the Red and Blue bandannas, grew more tense and exciting as the week progressed and the crew newspapers began appearing, and skits were put on in the dining room. The day itself featured a grand parade from the Crafts Shop down to the waterfront, which included a red and a blue sports car and the Grand Marshall, Mr. Don Merrill, being towed in a rowboat by Officer Phaneuf in the tractor. The crew leaders were carried in sedan chairs, and

both camp trucks made an appearance as well. The race itself, so nearly postponed by an unreasonable rainstorm, was extremely close and very exciting, with the Reds claiming the victory for the second year in a row.

The end of Crew Week left only eight days to finish up ribbon and graduation requirements, but although the pace was hectic there was still time to play a game of tetherball, or to watch the breathtaking ping pong match between the Director and the Assistant Director, or to reflect on the summer gone by. Whether Mr. Dietz ever did hold his Kite Flying Club, how many answerable questions were in the Mowglis Trivia Quiz, and where on earth Mr. Hoogenboom got that car of his will remain hidden in Mowglis history. What is clear is that the summer was full of achievement, friendship and fun, and that the intangible known as Mowglis spirit is as strong as it ever was.

**MOWGLIS 1986, WE SALUTE YOU.**

WILLIAM HUGH ST. JOHN

The Graduates of 1986

### THE BIG HAIL STORM

On Sunday, the 29th of July, there was a huge hail storm. At first the sky was blue and then a huge dark cloud came. It became very windy and suddenly hail came down. The hail looked like mothballs. They came down quickly, littering the ground. In just minutes, the ground was white with hail. You couldn't see three feet with the hail, wind, and mist. In about five minutes the hail turned to rain, and in another five the storm left as quickly as it came.

FRITZ FORTMILLER

### TRAIL CLEARING

On Trip Day Panther went trail clearing on Plymouth Mountain. We had a good staff in Mr. Kriesen, Mr. Froncek, Mr. Don Merrill, and Mr. Raymond. We reached the summit around 12:00 and had lunch. After lunch we started trail clearing. Si hit a bee hive with his lively lad so we went running for about half a mile. Then it began raining. We finally got to the base of the mountain near a grave yard and hiked back to camp. We had fun.

JON KRUER

### FRED

Fred is the Baloo Bat. On Monday we discovered him in the rafters. Even though he was small he got a lot of attention. There were some pictures taken of him. After we got back from lunch, Fred was gone. Hopefully he will come back.

COLEMAN LINDSLEY

### THE FIRST DAY OF CAMP

This year the Travel Party made Mowglis history. We arrived early, 5:30 to be exact. It is all my fault that we were early this year, because I wasn't late for the bus. Two years ago we thought the bus left at 8:30 and not 8:00. When we got there the bus was about to pull out so my father drove in front of it. But this year was different because I went to the bus stop half an hour early. Hence, we left early and arrived early.

FRANKLIN WILLIAMS

### AXEMANSHIP

In axemanship Mr. Kriesen and Mr. Bradbury took Christian Thornton and I up to the water tower where they were going to chop down a tree for us. When the tree fell it was about six inches off and got caught in another tree. They decided to forget about it and went to chop down another tree which fell on the tree that had already fallen. By this time we were getting a little impatient. So we went for it all. Mr. Bradbury went to the tree that was supporting the two trees. He chopped half way through. Then Mr. Kriesen and Mr. Bradbury bounced on the two felled trees and the main supporting tree fell. It was a spectacular sight to see.

ERIK BERNHARDT

### LANDSPORTS DAY

Yesterday was Landsports Day and we had a lot of fun. The best part was the Tug-of-War. We came in second for the day. Our team is the Awsome Artichokes.

TOM BIRDSALL

### CANNON MOUNTAIN

This week Baloo conquered one of the toughest mountains in this part of the world. It was raining hard but we persisted. Finally, we got to the summit but couldn't see anything through the clouds. After a hearty meal we headed down. It was pouring so we wasted no time. It was a great trip.

ROBERT MORRISON

### MOUNT WASHINGTON

On Akela's Montalban Ridge trip we climbed Mount Washington. It was a really good experience to make it up the highest mountain in the Northeast, being able to see almost anywhere, looking down into Tuckerman's ravine, and just being there. I had a really good time.

CHRIS COXE

### CREW WEEK

Today is the beginning of crew week. We have count-offs in the dining room, the forms and racing crews practice for the big race on Saturday, and the big bonfire is burned on Friday night. I think Crew Week is the best week of camp.

CHRIS COXE

### SLEEP RELAX

Sleep relax is a time when you have to put on a blanket and try to sleep. I hope there is a sleep relax today.

SETH GAINES

### HAM RADIO

You should have been to the Ham Radio Club today with Mr. Morgan and Mr. Thompson. It was fun.

MARC GUARINO

### HOWL

Landsports Day was awesome even though my team took fifth place. I was in the 440 relay and the softball throw. I did okay, but not great. I can hardly wait until Woodmans Day. I bet my team, the Fine Tomatoes, will win.

CHARLIE GUTHRIDGE

### CREW

As we all know, yesterday was Crew Day. I was on Racing and was really psyched. We lost, but we did twenty seconds better than our best time trial, and we only lost by two tenths of a second. As was expected, the best crew won, and so I congratulate our competition for a fantastic race.

ANTHONY PRUD'HOMME

### CANOEING

A couple of days ago Den I went canoeing on the Androscoggin River beginning in Maine. Harvey and I were in the same canoe, and we were the only ones who didn't swamp.

PEDRO RIVEIRO

### THE ANDROSCOGGIN RIVER TRIP

The Androscoggin River trip started out with a bang. We set up camp as soon as we arrived. Then we conquered some rapids which were pretty tough. After a day of relaxing and tanning under the sun, we returned to the campsite and prepared for the next day. The following day we headed for the fiercest rapids I had ever seen, the Errol rapids. We ran through them twice, everyone capsizing here and there. Soaking wet, we drove back to our campsite and readied for nightfall. Finally, after admiring the beauty of the stars, we went to sleep. The next morning we put our gear together for the journey home, having had a most exciting trip.

KEVIN ROCKENSIES

### TENNIS

Tennis is fun,  
When you have the sun,  
When the court is wet,  
You can't play a set.  
If you want your yellow,  
You have to be a very fine fellow.

COLEMAN LINDSLEY

### ONAWAY FAIR

If you have a relative at Onaway, you get to go to the Onaway Fair. The fair is fun.

COLEMAN LINDSLEY

### SOCCER

Today we played soccer. I enjoyed myself a lot. I was on the shirts team and we tied with a score of eight to eight. It was fun and I hope to play again soon.

HUGO MARTIN

### FRIDAY

Friday we climbed up Bald Knob with Mr. St. John. He is a nice guy and we had a good time.

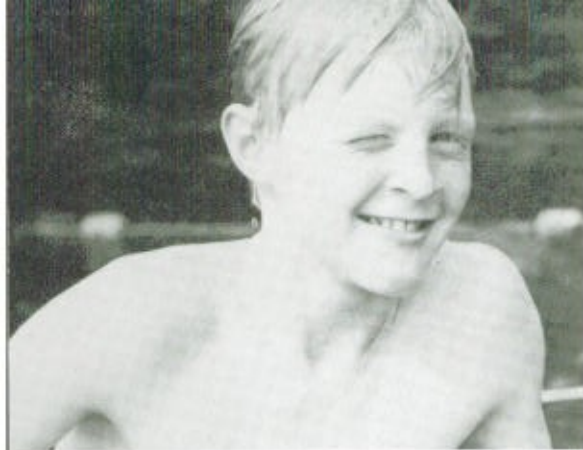

JON MARTIN

### THE CARTER MORIAH TRIP

The weather our first day was pretty nice, but for the second, third, and fourth it rained. Even though the weather could have been better, I had a good time.

ANDRE SANCHEZ

#### 60 MPH

Last week Akela went on a three day base camp trip. I left with Akela on Wednesday. When we arrived at the base of the mountain we unpacked. On Thursday, we climbed up Mount Cardigan where the winds got up to 60 mph at the summit. After hiking down, we went to Welton Falls to swim.

HARRISON RAND

#### FRANCONIA FALLS

Franconia Falls was the best trip. There were three slides. Only three people went down the third. I was one of them. On the main slide I went as much as possible.

DAVID SHAFTEL

#### KAYAKING

Today in clubs I had the best time in Mowglis history. I went to Kayaking Club. We got to capsize, paddle ourselves, and go swimming. It was the best time of my life.

CHARLES HERRING

#### LANDSPORTS DAY

Yesterday was Landsports Day. There were five teams: the Radical Ravishing Radishes, the Luscious Lentils, the Paramount Pickles, the Fine Tomatoes, and the Awesome Artichokes. All the events were played well and the scores were close. At the end, the Lentils won by three points. It was fun.

BOBBY LEE

#### LANDSPORTS DAY

Yesterday everyone in camp participated in Landsports day. The dorms were divided into five teams. I was on the Radical Ravishing Radishes. Every person participated in at least one event. I competed in the Junior 50 Yard Dash which I won. I also participated in the Junior 440 Yard. Last I did the Senior 220 Yard. My whole team came in third place for Landsports Day.

CHRISTIAN THORNTON

#### MOWGLIS

I like Mowglis because it keeps me on my toes. Best of all it is fun. I like swimming and tennis. The counselors in Akela are nice.

RICH WEBER

#### SWIMMING

Mr. Dickins taught me how to swim. He is a good instructor and a nice counselor. The water has warmed up a lot so I am enjoying swimming.

RICH WEBER

#### CAMP

This camp is different. The boys are nice and the food is good.

ROGER WILLIAMSON

#### FRANCONIA FALLS

On Friday part of Akela and Den went to Franconia Falls. After riding in the vans there was a three mile hike to the falls. We had a great time swimming. It was fun.

ZACHARY ZITZEFF

1986 Senior Rifle Team

#### CAMP

I like camp at Mowglis. It is nice here. I like it a lot.

DOUG BRODIE

#### HOWL

Camp is fun. You can do so much. Crafts to riflery to swimming.

IAN BUELL

#### CANDLE BOATS

Candle Boats are fun to make. You have to find a piece of wood and make it into the shape of a boat. A hole has to be made in the wood for the mast, and a sail has to be put on the mast.

BRAD CRAGIN

#### POEM

Landsports Day is fun,  
Landsports Day is great.  
Our team is playing like  
We're ranked number eight.  
I still had fun on this great day.  
But I hope we do better on  
Woodmens Day.

DAVID GUTHRIDGE

#### COUNSELORS

Every Sunday the counselors change dormitories. Today we lost Mr. Dorfman and Mr. Froncek, and we got Mr. Cornish and Mr. Dickins. It's neat having different counselors.

STEVEN JACKSON

#### MOWGLIS

I like Mowglis because it offers many different industries. There is something for everyone, athletic and non athletic.

JON KRUER

#### SCRABBLE

The highlight of the Panther trip to Mount Carrigan was the scrabble tournament between Mr. St. John and Mr. Cornish. After two games Mr. St. John was winning by about two points. Mr. Cornish let Fritz Fortmiller, Mr. Beeton, and me play the third and final game for him while he slept. We beat Mr. St. John by over seventy points.

MICHAEL LAMPSON

1986 Junior Rifle Team

#### TETHERBALL

Tetherball is the number one sport at Mowglis. Everyone plays it and everyone gets better at it.

HARDY WISCHLBURGER

#### THE NEW WAR CANOES

On Friday June 27th, the Mowglis Red Ribboners took out one of the big war canoes. About twelve people can fit in one boat. When everyone paddles it is quite a sight. It moves quick and smooth. I like it a lot. I think they are fun and will be used a lot in the future.

DUFFEY YEATMAN

#### HOWL

The campfire Mr. Dietz gave on Jazz and how the Blues originated was great. But the best part was the evening soak since it had been so hot that day.

KENYON ROBINSON

#### LANDSPORTS DAY

Yesterday was Landsports Day. It was a lot of fun. I was in the High Jump and did pretty well, but my brother was better. He is really good at it. My team is the Paramount Pickles. We are not doing too well, but will hopefully be better on Woodmans Day.

GREG VALACE

### CREW WEEK

Crew Week was great. It started out as a regular Mowglis week with the exception of bandanas and crew practices, until Wednesday, when Red Crew had its first rally. This was a prelude to what came on bonfire night. Meanwhile, the Scarlet Journal was going up to proclaim the coming Red victory. Then came the big day. We marched to the waterfront to witness an unexpected Blue Third Form win, an obvious Red Second Form victory, a horrifying Blue First Form win, and finally, the start of the big race. At first the Reds were ahead by quite a bit, but then the Blues put on a spectacular sprint that alas was all in vain. The Red victory oar was raised on the flagpole.

ROBERT MORRISON

### AXEMANSHIP

On the first day of axemanship we learned some first aid. On the second day we learned how to sharpen our axes and started splitting wood. I can never hit the same place twice.

MICHAEL LAMPSON

### HOWL

It is the end of the summer and I am excited to see my friends at home and start school again. But I can't help feeling sad to leave camp and my friends here. It almost feels like home. But I will leave knowing I've had a productive summer and a great time.

MATT LOVERING

Cub

### MOMENT OF SILENCE

The moment of silence is the best part of the day because you can think back upon what you did during the daytime. While the fire burns you listen to the birds and watch the sunset. During the moment of silence you are not allowed to move around or talk. Everything is quiet and still.

DAISUKE YAMAZAKI

### VISITING WEEKEND

Next week is the first visiting weekend. On visiting weekends parents arrive on Saturdays after relax, clean-up, and inspection. Parents watch the afternoon activities such as Landsports Day, Woodmens Day, or Crew. They leave while the campers are having dinner and return for the evening program in Graybrothers Hall. Parents come back about 10:30 on Sunday morning to take boys out for the day. The campers have to be back in time for Chapel and then the parents leave camp.

ANDREW CARINI

### HOWL IN TWENTY WORDS OR LESS

Mowglis is quiet and loud, peaceful and exciting, adventurous, fun, artistic, thoughtful, and great.

CHRIS CHALMERS

### GREEN RIBBON

I like Green Ribbon. It is fun. Yesterday we made small fires for cooking. There were two ways to do it. You could make a tepee with a log cabin around it or the opposite. My partner and I made a tepee fire. Once it started, Mr. Prud'homme sprayed water on it but it kept burning. Mr. Merrill stepped on it, but when he took his foot off, it was still burning. He said we passed the fire making test. I think we did pretty well.

SI DAVENPORT

Kelly

### RAIN

Rain, rain, go away. Don't come back even in a day. If you come back another Sunday, I'll get a fan and blow you away. Okay?

THOMAS YEATMAN

### THE TRIP TO WELLINGTON

The other day we went on a trip to Wellington Beach. It was good while the weather was nice, but on the way back, wow, the waves were four feet high. If my canoe had one more person in it we would have sunk. Finally we paddled to shore and stayed with a nice lady until Mr. Bengtson rescued us.

SOREN DENIORD

### PHOTOS

Today we are going to have pictures taken. We all get dressed up in flannel uniforms and high blues and line up on the Jungle House lawn.

STEVEN JACKSON

### JAZZ APPRECIATION CLUB

Today, Sunday, I went to Jazz Appreciation Club. Mr. Unger and Andy Carini played the guitar. They were both very good. I think I will go again. Mr. Dietz was away this week but will be back with his records next time.

DAVID MACLEAN

#### AXEMANSHIP

Only men take axemanship because it is hard. In axemanship we chop, trim, cut, and split. Only a real Mowglis can do that.

MATT LOVERING

#### MOUNT CROSBY

Last Thursday Akela climbed Mount Crosby. We arrived at the base of the mountain around 10:15. Three fourths of the hike was no challenge at all but near the top it became very steep. Finally we reached the top, ate lunch and explored. As we started down it began to drizzle and half way down it really started raining. We reached the bottom an hour later majorly drenched. Akela walked along the road to the pick-up point. Mr. Dietz bought us popsicles and then the vans came and took us back to camp.

ERIK BERNHARDT

#### HOWL '86'

I like soccer.  
I like Baloo.  
I like the counselors.  
I like camp.  
Mr. St. John is a funny guy.

PABLO RIVEIRO

#### WELLINGTON BEACH

It was a fun trip. Here is how it went. Things went well until we started back to camp. It began to rain, and rain, and rain. Then it started to hail a little and soon the wind picked up. Huge waves smashed against our war canoe. It was awesome. The storm was so strong we paddled with all our might to get to shore. After twenty-five minutes of struggling we made it. Some nice people let us stay with them until help came. We were warm and safe but would have been in trouble without our strength and courage. It just goes to show you that Baloo and Toomai are the best.

ERIK SANDERSON

#### IN A MOMENT

In a Mowglis moment of silence I get to appreciate the things I have done and want to achieve in the future. It's a time to appreciate nature and the beauty around us. All that in a moment of silence at Mowglis.

ERIK SANDERSON

#### THE UNFORGETTABLE TRIP

On Thursday, July 3rd, Toomai and Baloo went to Wellington Beach. We went down to the waterfront, got into our bathing suits, and put the war canoes in the lake. Everyone started paddling, and when we got there we ate lunch. Then we went swimming and fishing. On the way back it started to rain when we passed Belle Island. Then it started to hail. We were scared we wouldn't make it. Mr. Dorfman signaled us to follow him to a house. We called the camp. Mr. Bengtson came with two vans and a truck for the war canoe.

MICHAEL WILKEN

#### TENNIS

Tennis is a good game that Mr. Hammond and Mr. Laya teach. The tennis ribbon is Yellow and it takes a long time to get. Tennis is fun.

JEREMY BEETON

Toomai

#### RADIO CLUB

Today we used the radio. We talked to people across the country. First we talked to Pennsylvania, then New York, then New Hampshire. It was fun.

DAVID GOLDOFF

#### NATURE

In nature we learn a lot about different things like birds, bees, plants, and trees. We even dissected a fish.

DAVID GUTHRIDGE

Baloo

Akela

#### THE MOW-GLEE CLUB

The Glee Club is a singing group that sings in Chapel for the camp and also at the church in Plymouth. You have to try out to be in the Glee Club. It is fun.

BRAD CRAGIN

#### ARCHERY

Archery is for skill. Archery is for concentration. Archery should be done perfectly.

SEAN HARDMAN

Panther

#### LONE WOLF MEETINGS

The Den has Lone Wolf every Friday night. It starts about ten minutes before Taps and ends around 10:00. We talk about many things such as how we can improve the camp. We also talk about Graduation Requirements. After we talk, we have refreshments and then sing the Graduate's Hymn. After we finish we go back to our dorm. I enjoy Lone Wolf.

JAMES CERWINSKI

#### HOWL

I take swimming,  
Swimming is great,  
But when it's too cold,  
It doesn't rate.

I take Green,  
It's what fun is about,  
If you don't sign up,  
You're missing out!

I take these,  
For they both relate.  
If not taken,  
You don't graduate.

RANDY BECKFORD

#### THE ANDROSCOGGIN RIVER

From what I have heard, the Androscoggin River is fun and dangerous. You can hardly tell between a rock or a rapid. On the last day of the trip we go down mile long rapids. We leave tomorrow and I am pretty excited about it.

HARVEY CRUDUP

#### THE ANDROSCOGGIN

On July the nineteenth, half of the mighty Den left to go on the Androscoggin canoe trip. We went down the Errols twice. Erik Munroe and I swamped the first time but not the second. Later we had lunch by a bridge, from which all jumped except for Mr. Merrill who doesn't like cold water. It was a good trip.

ALFONSO ERHARDT

#### LANDSPORTS DAY

Yesterday was Landsports Day which was a lot of fun. There were various exciting track and field events. I was on the Radical Ravishing Radishes which came in third. At the end of the day the Junior Staff challenged the Senior Staff in Tug-of-War. Unfortunately, the Senior Staff won.

JOHN FITZGERALD

#### MOWGLIS

I heard a lot about Mowglis back in Spain and it sounded very interesting. I wanted to come because my friends told me I would meet new people, climb mountains, and learn about nature. These are the reasons I came from such a long distance. I hope to become a good Mowglis camper.

PEDRO ALCARAZ

#### MOUNT CARRIGAN

On Tuesday of last week, Panther went on a three day pack trip. Our group started at the Pasquaney Campsite and hiked up to a huge pond where we spent the night. On the second day we climbed to the top of Carrigan and camped there. We hiked down the mountain on the third day. All in all we covered 15.3 miles.

#### CREW DAY

On Crew Day 1986 it started to rain when the Third Form boats went out. Mr. St. John wanted to postpone the races until Sunday but it cleared up and the races were on! The Third Form boat lost to the Blue but the Second Form boat won for the Red Crew. Then the First Form Blue won and finally the Racing Crews started to go out for the race. I was so nervous I couldn't stand it and before I knew it the race was off! At first the Blue boat went ahead and then the Red. Then the Blue and then the Red, on and off in that manner. But at the end the Red boat won by about half a foot. It was an exciting race.

ERIK MUNROE

#### CREW DAY

Yesterday was Crew Day and it started off with a parade to the dining room before breakfast. As the day went on, we had a parade down to the waterfront in front of the parents. Then the races began starting with the Third Forms. It was a close race but the Reds lost. But then the Reds won the Second Form. Red Crew lost the First Form and then came the big race. The Racing Crews battled it out and at the end, the Red won what was a very close race.

JARED SMITH

#### CREW WEEK

Crew Week is this week. The camp separates into the Red and Blue Crews. Crew Week not only tests your ability to row, but sportsmanship as well.

ANDRE SANCHEZ

#### CREW DAY

Yesterday the mighty Red Crew won the day. They didn't have a clean sweep like last year. The Blue Crew won Third and First Forms, and the Reds won Second Form and Racing. Next year I think the competition will be very tough.

CHARLIE GUTHRIDGE

1986 Mount Washington Squad

### THE SACO RIVER

On Wednesday, Baloo set out for a three day trip on the Saco River, located in the state of Maine. It took about two hours to drive to Swan's Falls where we started. We packed the food and clothes in the canoes and pushed off. After a little while of travelling we stopped for lunch. Then we looked for a sandbar to sleep on overnight. We had a rather strange dinner but it was pretty good. After that we had campfire and went to bed. The next day we woke up to pancakes and left. We canoed about a mile and found a rope swing. Obviously, we stopped and used it. Then we travelled about six miles and had lunch. We spent an hour there and started out for the rapids which were very easy. We went swimming and floated down the rapids in our life jackets. Then we canoed not too far down stream and spent the night. In the morning we found another rope swing which was better, because it was attached to a leaning tree on a steep bank. After the rope swing we travelled a few miles and had lunch. Some people went swimming and others went fishing. After about an hour we canoed to our pick-up spot and unloaded the canoes.

JOHN FITZGERALD

### THE BIG TRIP

On Wednesday July 11th, we went on a trip called the Presidentials. The Presidentials are a group of mountains located in the White Mountains. On the first day we climbed Mount Crawford. In my opinion that was the hardest of all, because it was so steep. After we climbed Crawford, we stayed at the Resolution Shelter. After breakfast the next morning we started off for the next mountain, Stairs Mountain. After crossing Stairs we went on to Davis Mountain via the Davis Path, Isolation Mountain, and then to Isolation Shelter. Mr. Merrill told us why the shelter wasn't there. We got up early the next day at 5:30 and started for Boot Spur. When we got to the top we had to decide whether or not to climb Mount Washington. We decided to go for it and we did. At 11:45 we made it to the top. It was awesome to be on Washington. At 12:30 we headed down. It was a great trip.

CHARLES HERRING

### TRIPS

Toomai has gone on a lot of trips. My favorite was the Belle Island Trip. The best part was the big rock, it was great. Another fun thing was the soak on another part of the island. The whole trip was great.

THOMAS YEATMAN

### MOWGLIS MEMORIES

As a seventh year camper I have lots of them. The Cub parents taught me to do things well. Through discipline and experience I learned about manners, politeness, and the true Mowgli spirit. Over the years certain counselors stand out in my mind. Also, when I think back, certain campers stand out. As this year comes to an end, the memories will continue, and they will have an effect on the rest of my life. When I look back on camp I will see the things I have learned such as rowing, canoeing, sailing, swimming, first aid, hiking, camping, axemanship, and weather predicting. Someday I hope to return as a counselor.

JAMIE BRADBURY

### MOUNT CHOCORUA

On Tuesday we went on a trip to Mount Chocorua. The first day we put up our tents and ate dinner. The second day we started to climb the mountain. So, we climbed and climbed and climbed until we reached the shelter where we had lunch. Then we climbed to the top. It was a spectacular sight. Then we went down the mountain. The third day we almost made it to Paugus Mills.

CLIFFORD MUNROE

### CRAB SOCCER

Toomai and the Cubs played crab soccer together. The score was six to two and Toomai won. In crab soccer you have to be on your hands and feet.

ADRIAN WEST

1986 Gopher Squad

### THE UNKNOWN VEHICLE

At the end of Den II's Carter Moriah trip, Mr. St. John had to hitch hike to Gorham because the trail we took ended up about five miles short of town. So all of Den II brought their packs to the side of the road and tried to convince someone to pick up Mr. St. John. In a matter of minutes, a dark blue car gave him a ride. Then in about ten minutes, Mr. Bengtson and Mr. St. John brought the van to where we were and took us back to Mowgli.

ERIK MUNROE

### TIME FLIES

They say time flies when you're having fun, and this summer is no exception. Already, squads have been out and Crew Week is upon us. Soon, Graduate's Dinner and Inner Circle Ceremony will be a memory. What next summer will bring I don't know, but whatever does come I will not forget my life at Mowgli.

KEVIN ROCKENSIES

### FITZHUGH'S SOCCER CLUB

The teams began with fourteen on one side and nine on the other. Mr. Laya and Mr. Yeatman were the best on our team and Pedro and Alfonso were the best on the other. After twenty minutes we were winning six to one, but it began to rain lightly, and the teams were said to be uneven. We gave some of our players to the other side and they came back a little to make it seven to three, and then four. But we still led and made the score ten to eight. It was raining hard, and something happened with a minute to go that you don't see very often. There was a penalty kick ten feet away from our goal. Alfonso took it, but Mr. Laya got five feet away from him and turned his back. Alfonso fired a shot right into Mr. Laya's back. We were saved and won the game ten to eight.

DUFFEY YEATMAN

### HAIRCUTS

Today we had haircuts. There were many different kinds of haircuts. The barbers come every year about the middle of the summer. One funny thing happened this time. Mr. Laya tricked Pedro by telling him that a trim is called a buzz. So Pedro asked the barber for a buzz and he sure got one.

CHARLES HERRING

### SLEEPING LATE

Last week I slept late, very late. I slept so late that I got into trouble, not to mention missing breakfast. When I missed breakfast, I missed the crew practice announcements. In the future, as a reminder, all of us should budget our time.

BILL PLICE

### CREW DAY

Crew Day is fun. Crew Day is great. Crew Day makes your arms and throat ache. Even if you don't win it is still fun to participate.

TOM BIRDSALL

### THE LIBRARY

The Library is a good place to fall off the fast pace at Mowglis. You can play Scrabble, Diplomacy, or curl up with an old Howl looking for some counselors. Today I saw Mr. St. John in Toomai, looking as proud as ever, and one of the Merrills putting the wrong hand up while saluting the flag.

ROB BORDOGNA

### DEN

Den is one of the smallest buildings in camp. But since it is closest to the waterfront, we get a good draft on a hot day. After Open Period and after working up a good sweat, you can just run through the dorm, grab your towel, and sprint to the waterfront for a soak.

ERIK MUNROE

### BRUSHING TEETH

Last Saturday we were told to brush our teeth two times a day. Now I am brushing them three times a day.

ADRIAN WEST

### A TYPICAL MOWGLIS HOWL

A typical Mowglis Howl is short. A typical Mowglis Howl is long, critical, complementary, normal, fictional, non-fictional. Because nothing is typical when it comes to a Mowglis Howl.

ROB BORDOGNA

### VOLLEYBALL

Volleyball is a fun sport. Today we won the first game twenty-one to sixteen. The second game was twenty-one to eighteen. It was fun.

SCOTT BROWN

### VOLLEYBALL

Volleyball is a game of skill. You have to learn to hit the ball properly so that it will go over the net. You also have to be able to block the ball when it is returned. Also, you have to know how to count to keep the score.

THOMAS KEISTER

### MOUNT CROSBY

The Mount Crosby trip was great. It was an easy climb but we had fun picking blueberries. I like hiking.

SEAN HARDMAN

### LANDSPORTS DAY

Landsports Day is my favorite day at Mowglis. I jumped four feet eleven inches on the High Jump and took first place. I also won first on the Shot Put and second on the Long Jump. It was a great day.

CHRIS VALACE

### MOWGLIS

Mowglis is a camp where boys learn skills to enhance their future. It is educational, interesting, and pure fun.

CHRIS VALACE

### BRASS CHOIR

The Brass Choir is group of boys and staff who play trumpets and trombones. They play at Chapel every Sunday and are pretty good. This Sunday we played three songs at the church in Plymouth. The Mow-gee Club sang three. Afterwards, we were served refreshments.

FRANKLIN WILLIAMS

### INNER CIRCLE CEREMONY

On the night of August 15th the Inner Circle Ceremony was held. As the Madrigal Society sang "Night Song of the Jungle", the outer circle filed in and waited, standing, until Mr. Bengtson came and sat on the Council Rock. The Inner Circle candidates stood anxiously behind the Rock as part of the Jungle Book was read. Everyone watched as Graybrother came and lit the fire. Then Mr. Bengtson said, "Ye know the law, look well oh wolves." The first candidate walked around the fire and stood in front of the Council Rock. Then one of the Headquarters Staff read all the ribbons he had earned, after which the candidate sat in a bench in the Inner Circle. After all thirteen candidates did the same, Graybrother lit a fire in front of each of them with a torch. Then, the old members of the Inner Circle added a piece of wood to each new member's fire. As you watch your fire burn, you feel proud because you've earned those ribbons. As everyone leaves the campfire, the Madrigal Society sings "Song of the Wolf Pack". Then all you have to do is wait until next year to sit back in the Inner Circle.

DAISUKE YAMAZAKI

### OVER THE HIGHWAY

Over the highway and through the woods,

To Plymouth Mountain we go.

It's raining and pouring while the counselors are snoring,

But we're having a great time, Ho Ho.

While I am trail clearing the lazy ones are sneering,

Our trip is no where near ending you see.

On the way back down but what should be found,

A big mean hive of many bees.

It was Silas Strickland who happened to fend,

The big mean hive of mean bees.

We ran from the bees and got lost in the trees,

And all the time the counselors teased.

Through the woods and over the highway,

Back to Camp Mowglis we go.

The trip was fun and all the work done.

We really had something to show.

DUFFEY YEATMAN

### HARD WORK

For the whole summer I've been working for my Golden Arrow and I finally got it. Coleman Lindsley won the Junior Archery Tournament so I had to play him and I'm in the finals.

DANNY MACLEAN

### CANOEING

I like canoeing and take it for an Industry. We have been practicing going through the gates. A gate is made from a rope across the water tied to two trees. The gate hangs from the rope and is like a circle with the bottom taken off.

RIP MCCOLLOUGH

### A TRUE MOWGLIS MAN

A true Mowglis man helps people on and off the trail. A true Mowglis man should fear nothing but fear itself.

JAMES MORSE

### CRAFTS

I enjoy crafts very much. I have done two projects so far and hope to do some more very good ones. Mr. Cornish is nice and he is very funny. I am going to take crafts again next year.

JAMES MORSE.

### OUR FIRST CANOE TRIP

On Thursday, Toomai and Baloo made lunches and left camp at 10:45. We all went to the waterfront and took out the Green and Yellow War Canoes. We paddled to Wellington Beach State Park. Half way there the Green War Canoe challenged us to a race. We lost. When we got there we had lunch and had a sand castle contest. David Goldoff won. Then the Yellow War Canoe challenged the Green War Canoe to a race back to Mowglis. We were 200 yards ahead and it started to rain. Then the weather got very rough. We were a mile from shore so we headed in and beached on someone's beach. Half an hour later Mr. Bengtson and two staff rescued us.

JAMES MORSE

### CLUBS

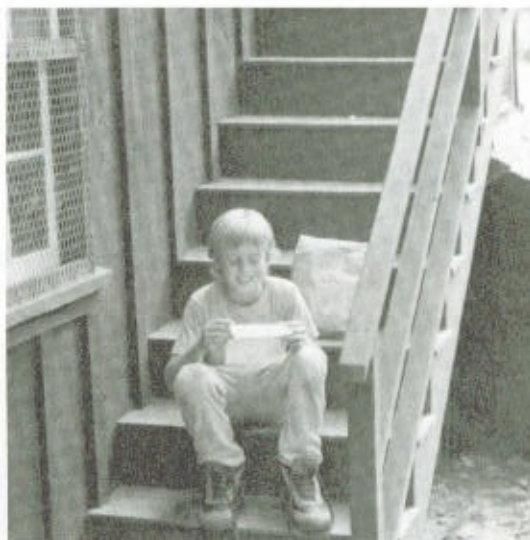

At Camp Mowglis on Sundays there are always clubs like volleyball, soccer, punting, and classical music and croquet. I think volleyball is the best club. I like clubs because they are something different than industries and only take place on Sundays.

KENYON ROBINSON

### CAMP MOWGLIS

I like Camp Mowglis, except for Duties! There are a lot of activities to choose like canoeing, tennis, axeman-ship, crafts, and a lot more. My favorite is tennis and I'm going for my Yellow Ribbon. I hope I can go to the Volvo Tennis Tournament.

DAVID SHAFFTEL

### HOWL

Mowglis is a great place to be and the people are always in good humor. Everybody is enthusiastic and there is laughter in the dorms and at the waterfront. This is because there is always plenty to do, whether swimming, camping, or just playing tetherball. There are trips every Thursday and a cookout on Sundays.

ALLAN PARKER

The Cubs of 1986

## Mowglis Cub History, 1986

Though the clouds lingered and often dropped torrents of rain, our Mowglis Cubs experienced a summer packed with insights and good times. The opportunity to mix with the Pack during many Industry Periods afforded a variety of learning experiences that promoted marked achievements in archery, tennis, riflery, and crafts. The skills and self-discipline learned in camp continued to serve them on the trail. Starting off gradually, we scaled the back of Rattlesnake Mountain and moved on to conquer such worthy climbs as Cardigan, Firescrew, Stinson, Welch, and Dickey. We were impressed by the supreme vistas, lemon squeezes, rocky ledges, and delicious blueberries. Overnight trips brought to the Cubs a special sense of belonging, and pride in themselves and others. As we climbed Mount Nancy and spotted moose tracks, we were reminded that we were not alone. As a School of the Open, Mowglis offers to the curious camper many opportunities to learn more about our natural environment. Cubs learned to identify fungus, algae, loons, raccoons, and Indian cucumbers. One of the highlights of the season was the canoe trip to Cliff Island at the southern end of Newfound Lake. This time we did not become stranded on the Onaway Beach while en route! While camping on the island we enjoyed the culinary expertise of our special chef, Mr. Valace. We overcame a spoon shortage by making foil spoons, which served best, and we discovered how to avoid the spell of Three-Fingered Joe and Four-Fingered Josephine.

A vital part of the Mowglis experience is the opportunity to develop one's own abilities and extend his limits. In addition to industries and trips, the 1986 Cubs participated in treasure hunts, canoe swamping, water ballooning, basketball accuracy, moonball, javelin throws, arm wrestling, costume relays, and Donkey-at-the-Watering-Hole. Another dimension of the Mowglis experience is provided by our evening campfire programs. These included reading of *The Hobbit*, Abraham Unger on the guitar, balloon debates, and talks on fire fighting and Ham Radio by Mr. Morgan. Our two British counselors enhanced both evening programs and daily activities through sharing their impressions of America and their British culture and history. Relative to our American history was the rare opportunity for Cubs to enter the Miss Statue of Liberty Look-Alike Contest. Boys further extended their creativity through building wooden houses in the Architect Club, shirt dyeing, and thumbprint art. Most impressive of all were our hand made marionettes, permitting a first time in Cub history Saturday night presentation of Snow White in a *John Wayne Puppet Show*. Not until this summer had the full story been told. Snow White first met the seven dwarfs clad in their full dress of high blue socks and Mowglis shorts!

Yes, despite the rain this year, and the hail, Cubland attracted and served Mowglis' best. As was confirmed early in the season by the rainbow pointing to Cub Field, the pot of gold awaits all who join us here! MOWGLIS CUBS OF 1986, WE SALUTE YOU!

VIRGINIA E. VALACE

Cubs on Cardigan

#### CREW DAY

On Crew Day we had some races. I am on the Blue Crew. We won the Cub rowboat race but the Reds won the big crew race. We were sad but we still had fun.

JACK MCCOLLOUGH

#### THE BIG HAIL STORM

Sunday June 31st, the first weekend of camp, there was a big hailstorm. We were in the middle of playing dodgeball. It had been gloomy all day. All of a sudden, as we expected, it started to rain and hail. We went down to Kipling Hall. We went slowly because we wanted to pick up some hail cubes. Finally we got there. We exercised, played, and looked out the windows to watch the storm. Finally it stopped and we went back up to Cubland. Then we dressed in flannels, lined up in Chapel order, and went to Chapel with the Pack.

ERIC LOVE

#### CAPTURE THE FLAG

Today we played Capture the Flag. I like it. We lost but it was fun. They tagged me.

KEVIN WILKEN

#### THE PUPPET SHOW

We had a puppet show on Saturday night. The people thought it was funny because one of the puppets knocked the mirror off the wall. Then it was funny when they threw the Queen down to the floor below. It was a good play.

KIRK HAWKINSON

#### A GOOD TRIP

This Thursday we climbed up Mount Welch. There were Indian Cucumbers there and we picked and ate them. At the top there were blueberries and I picked a bag full. It was fun.

DAVID LAMPSON

#### WELCH AND DICKY MOUNTAINS

On the way up the mountain we found a stream and filled our canteens. There was no bridge and there were lots of rocks. So we walked across the rocks. We stopped by the neck of the mountain and picked blueberries. Then we had to climb to the Bald Face rocks which was very hard. On the way we found some Indian Pipes on the trail. Then we had to walk through the lemon squeeze. After that we had to walk through the orange peel. It was like a rock cave. When we got to the top we saw the Toomaits waving to us from Dick Mountain.

NATHAN HAWKINSON

#### THE POTATO WAR

It was July 31st and we had just departed for a three day trip to Nancy Brook. On the second day, when we were getting ready for dinner, Mr. Cerwinski was cooking potatoes. They started splitting all over the place. It was the War of Potatoes. But Mr. Cerwinski turned off the stove and we won.

ERIC LOVE

#### SUNDAY

I got a haircut and Garrett did too. It was fun. Then we went to the Crafts Shop and then we had lunch.

JACK MCCOLLOUGH

#### RACCOONS

Last Tuesday we went to Nancy Brook. At the campsite we saw a raccoon. It was cute. I was far away so I couldn't tell what colors it had. We put spaghetti out for it.

PETER OLMSTEAD

#### THE CUB'S THREE DAY TRIP

The first day we unpacked and went swimming. The next day we ate breakfast and then we played. Then we went swimming and after that we had lunch. Then we had a water fight. After the long water fight we had dinner. I liked swimming in the rapids.

KYLE BEETON

#### SOAK

Soak is a free swim which lasts about half an hour. I like to dive off the raft. We catch fish and on the shore we make sand castles. Then we go canoeing and then back to the dorm.

DONNIE DEMERCHANT

#### TRIP DAYS

Trip Day is a very exciting day. We pack lunches at breakfast and go to nice islands and mountains. We go to beaches and to Cliff Island. Ragged Island was the best trip because we got to feed a raccoon. The raccoon eats crayfish. We slept in bunk beds and it was a very nice trip.

SCOTT EARLE

#### CRAFTS

I really enjoy crafts. I like making different things. We make paintings, drawings, and clay models. Right now we are making wooden houses.

SCOTT EARLE

#### THE NANCY BROOK TRIP

On Tuesday we set up camp on big wooden platforms. Then we went swimming. One of the counselors jumped off a high cliff into the water. The second day we climbed up a mountain. On the way we saw a big waterfall. When we got down we were all tired.

KIRK HAWKINSON

#### ***MOW-GLIE CLUB***

The glee club went to the church in Plymouth and sang three songs. My favorite song was "Feed My Lambs". The we went downstairs and had a party of cookies and punch.

GARRETT BLAKESLEE

#### ***CREW DAY***

The Third Form went out first and it started to rain. Then it stopped and they had the race. I'm on the Red but the Blue boat won. The Second Form went out and Red Crew won. The First Forms had their race and then it was the Cub race. The Blue Crew won the Cub race but the Red Racing Crew won for the second year in a row.

KYLE BEETON

#### ***RATTLESNAKE MOUNTAIN***

We climbed Rattlesnake Mountain. It was a short hike but it had a beautiful view. I had a great time.

NATHAN TAPPLY

#### ***WOODSMENS DAY***

Yesterday was Woodsmens Day. I was in the water boiling contest with my brother. We had to gather wood to make a fire. Then we put a pail with soap and water on the fire. We came in first because our pail overflowed first.

KEVIN WILKEN

#### ***ARCHITECTS CLUB***

I like the Architects Club. We make different kinds of houses. We make them out of wood and paint them. We put pine needles on the roofs.

JACK MCCOLLOUGH

#### ***TENNIS***

Tennis is the best Industry. It teaches you how to play tennis right. You don't just play tennis. Mr. Hammond is the teacher.

PETER OLMSTEAD

#### ***MOON BALL***

Moon Ball is fun. The object of the game is to be the first one to wrap the ball all the way around the pole.

GARRETT BLAKESLEE

#### ***ONAWAY***

On Trip Day we left for Wellington Beach in the War Canoe but we didn't make it. We got stranded at Camp Onaway. Then the vans came and drove us to Wellington.

DONNIE DEMERCHANT

### ARCHERY

At Archery Industry we shoot arrows. The first time I got seven. The second time I got thirteen. I almost qualified. It was fun.

MIKE ROBINSON

### THE SANDCASTLE CONTEST

We had a sandcastle contest on Monday. Our castle had towers all over it. It had a village and a staircase to the bottom. We put a lot of stones all over it and it had two bridges too. We won the contest.

KIRK HAWKINSON

### AN EXCITING SWIM

We woke up on the third day of the Nancy Brook trip. First we packed. When we finished we went swimming. Half of the water was rapids and the other part was calm. There was a rock near the rapids. If you swam to it you could jump into the rapids, and then float over to the calm part, and then swim back to the rock. It was fun and I liked it.

DAVID LAMPSON

### INDIAN CUCUMBERS, EVERGREEN, AND INDIAN PIPES

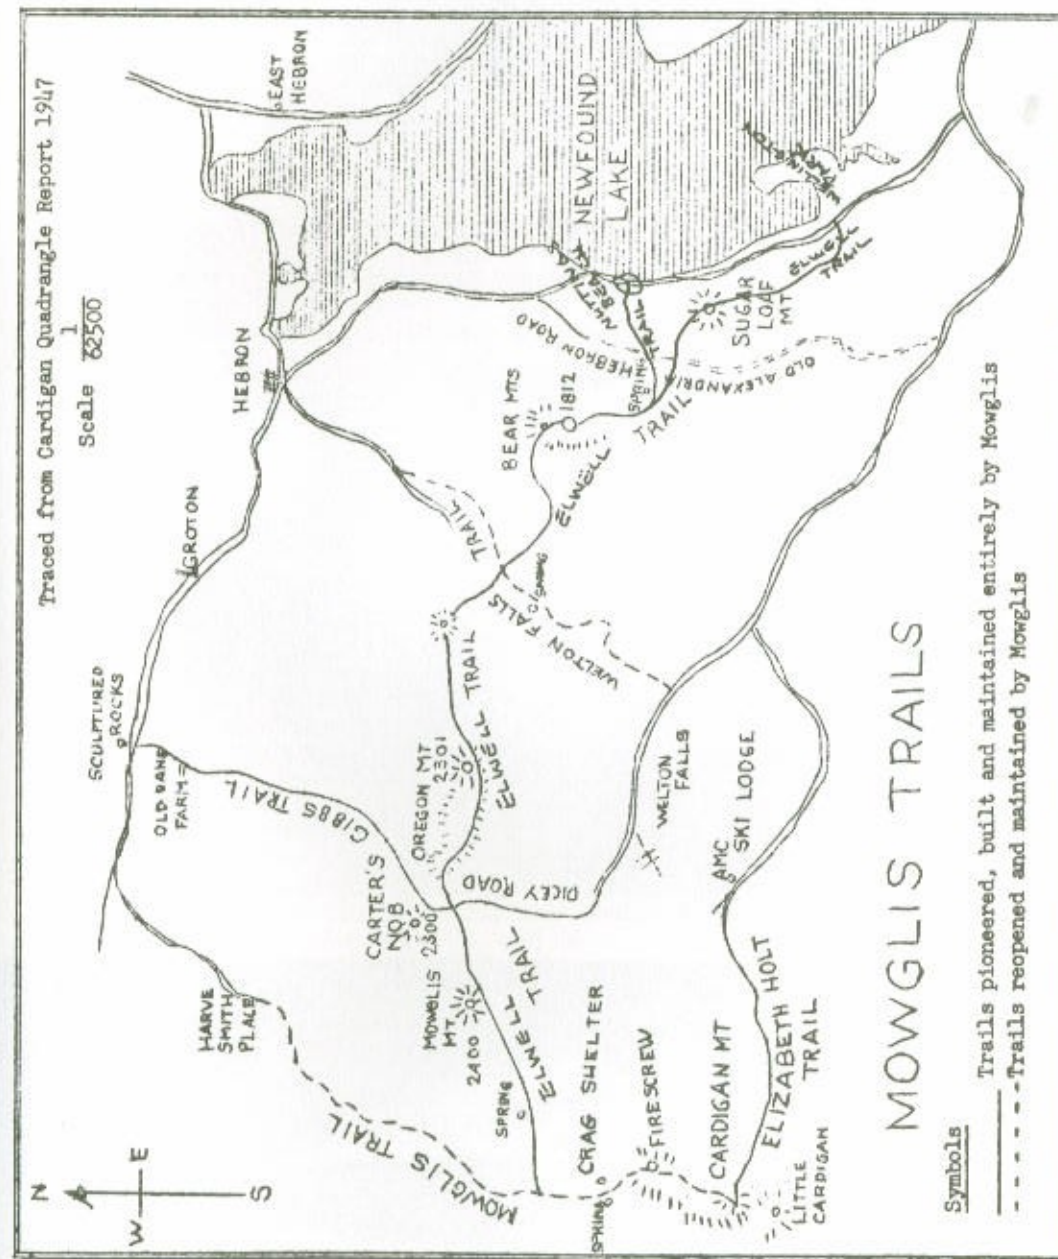

This week we went up Welch and Dicky Mountains. There were Indian Cucumbers. They are plants that look like cucumbers in the roots. Evergreen is a plant that smells like evergreen when you pick and squeeze it. Indian Pipes look like pipes and if you touch them they turn brown.

ERIC LOVE

### THE CARDIGAN TRIP

We went up the Holt Trail to Mount Cardigan. It was scary when we were almost at the top. I thought I wasn't going to make it. We stayed a while on the top and then went over to Firescrew Mountain. Then we went down.
