"We be of one blood, brothers!"

Mowglis Pack History, 1987

It was only 51 days ago that the 1987 opening day ceremony took much longer than usual owing to the remarkable number of nineteen Cubs pulling on the firing string of the 1910 Winchester cannon. As the echoes roared back from Cardigan we all looked around, catching the eyes of old friends and remembering the fun of last summer as we looked forward to a new summer of new friends and new achievement. A strongly veteran staff took up positions at their respective industries and in no time the camp was in full swing. The axemanship industry roamed the forest in search of likely subjects under the leadership of Mr. Bradbury, while the tennis courts retained the traditional liveliness only to be expected from the Messrs. Stolle and Laya. The weather this summer was glorious with an endless succession of hot days making the waterfront a very popular place. Most campers bettered their swimming status and put it to immediate use during soaks, and the Mowglis fleet of sailboats, rowboats and canoes was in constant use. Trips this year were an enormous success. The Den went on a four day pack trip to the Carters armed with heavy duty bungee cords for the perils of Mt. Hight, and the Pantherites took on Mt. Carrigan and took in the view from the observation platform at the summit — one of the finest in the White Mountains. Akela went to Nancy Brook and Mount Crawford on a base camp trip and went swimming on the Saco, where the mountain water was found to be "refreshing". Toomai went to Mount Chocorua with Mr. Vitacco

who taught them a countoff only he could understand, and Baloo went canoeing on the Saco, to the delight of all the staff assigned. Back in camp, the daily routine assured maximum productivity, but there were always new things in store which made for lots of variety. Mr. Bradbury's karate campfire was certainly an eye-opener for everyone, and it was about that time that the word "mister" would be much more clearly spoken in his vicinity. Mr. Bill Cummings arrived with his 1911 Cadillac and told us about its renovation, and Mr. John Knott came to speak about his profession of gunsmith. Certainly none will forget the Fourth of July extravaganza with water basketball, an all camp egg toss, and the largest open pit barbecue in Mowglis history with sodas for all. The Saturday evening entertainments held their admittedly captive audiences spellbound. The Madrigal Society was in rare and different form each week as its various members trickled back from a prolonged world tour; Mr. Hoogenboom having been away the longest owing to a song recital in the Grange Hall in Munson Flats, Arizona. David Master gave a stunning performance on the piano and Natsuki Nishino showed equal prowess on the solo violin. Several dorms performed skits and a thunderous welcome was given Mr. Merrill and Co. for their rendition of "Where Oh Where Were You Last Night". A second round of trips went out: Toomai to Mt. Cardigan where the blueberries were just peaking, Baloo to Sandwich Dome and a vigorous hike with Mr.

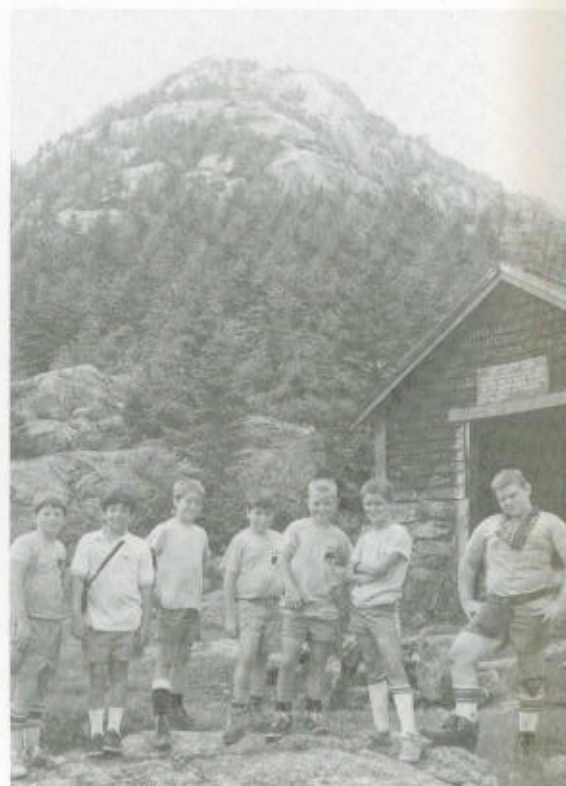

The Graduates of 1987

Prud'homme, the Den to an effortless and relaxing glide down the Androscoggin, Panther to another pack trip, this time for four days in the Mahoosucs for matchless weather and a snowball fight in July, and Akela for a trailclearing expedition in the Mt. Cardigan region, where Mowglis maintains over thirty miles of trail. In camp, the Junior Staff worked hard to clear a vista from Gray Brothers Field down to the water with the help of some of the huskier campers and relaxed from their efforts in the camp's four man shell. Squad week was on us before we knew it. The Washington and Gopher Squads each took on challenging hikes in the Presidential Range, and the Washington Squad, this year comprised of four elite hikers, racked up an impressive 40 miles. With the squads out, the end of camp was in sight, and the boys strove to finish up requirements in the Crafts Shop, from which some very strange shapes began emerging, and at the Rifle Range, run by the Messrs. Hoogenboom, Merryfield and Williams with an iron hand, and at the Archery Range where Mr. Clement, federally expressed from West Virginia, had arrived to take the reins. The green ribboners tried to figure out how to build a fire while under fire from the garden hose, and Mr. Herring had them swamp the canoes one more time just to ensure they got it right. With the outset of Crew Week we all looked around to wonder what had become of the Blue Crew, quite drastically outnumbered by the Reds. But both crews seemed equally loud during all the cheering, which intensified as the week went on. As Mr. Rick Bengtson's bonfire got bigger and bigger with the help of Mr. Herring and Bonfire Bill Natale, so did the level of excitement. The Blues took the day in a tremendously close race, and then all rivalry was immediately forgotten — a Mowglis tradition of which we are all very proud. The last week of camp was just as full of interest and excitement. The Junior Staff were heavily "swabused" by the Senior Staff in softball, but held their own in the Ping Pong tournament. The Inner Circle Ceremony introduced even more into the Inner Circle, where elbowroom was already at a premium, and the Graduates Dinner toasts surpassed even last year's in satirical and laudatory poetry. We almost

became accustomed to the bizarre fashion of having one's boxers hang out from one's shorts, a fashion statement introduced by the Richmond contingent, which also boasted no less than five Yeatmans this year. As we look back on the summer there are many other memories which come to mind: the presentation of a piano by the Unger family, Mr. Vitacco's slides to classical music, Mr. Stolle's innovative poetry reading campfire, and even just a casual game of tetherball or basketball. Mr. Morgan was very welcome in the last few days as he amassed information for the Birch Barks, his was surely an unforgettable performance of 'Barney Google' at Graduates Dinner.

MOWGLIS 1987, WE SALUTE YOU!

WILLIAM HUGH ST. JOHN

POEM

Red Ribbon is canoeing.
It's good if you know what you are doing.
If you keep the boat from rockin',
You'll go on the Androscoggin.
I hope I get to go.

THOR RUNEMAN

TENNIS

Last week in tennis Mr. Stolle showed me how to hit lobs and improve my form. Tennis is the best. So sign up for tennis.

SCOTT BROWN

LANDSPORTS DAY

Yesterday was landsports day which was a lot of fun. My team is called the Raw Ravens and we came in third place overall with 73 1/2 points which was pretty good. Hopefully the Raw Ravens will do a lot better on woodsman's day.

ZACHARY ZAITZEFF

CARRIGAN

On July 8, 1987 Panther climbed Mount Carrigan. We went up the desolation trail which was hard but fun.

CHARLIE GUTHRIDGE

CHEF NATALE

On the second night of the Den trip to the Carter Moriahs, Peter Natale made spaghetti sauce for Den II. It was delicious and thick with meat and onions in tomato sauce. Chef Natale's sauce is superior.

MIKE LAMPSON

THE DEN TRIP

The Den just went on a trip to the Carters. I was in Den II. The first night we stayed on Eagle Crag and had hamburgers. The next day we got lost by the Red Brook and had to backtrack to No Ketchum Pond. Day three was the hardest. There were 7 mountains to Imp Shelter. The fourth day was easy. We climbed down Mount Imp to a logging road and then to Route 16 where we were picked up.

HARDY WISCHLburger

FIXING THE DEN

We painted all the rocks in the Den rock garden, fixed the sign, and keep everything neat and orderly. We also cut the grass and raked up all of the pine needles. After raking them up we spread them out in the woods near the Den.

SI DAVENPORT

1987 Brass Choir

SAILING

Sailing is the best industry at Camp Mowglis. I have chosen sailing every year from Toomai to Den. I finally received my Golden Anchor Ribbon last year in Panther. This year the sailing teacher is Mr. Froncek, a very fine and skillful instructor. Even though I have the ribbon, I still enjoy challenging the waves and the art of sailing.

MARC VENTIMIGLIA

DEN

This year I am in Den. The last four summers seem but a moment past. When I was in Toomai I never thought I would be in the Den, but now I am and it feels great. Den is the best year.

MATT LOVERING

CREW WEEK

I just couldn't wait until crew week. It is always so great. The count-offs, skits, cheers, and rowing are fantastic.

ROBERT MORRISON

SUNDAYS

Sunday is the best day of the week at Camp Mowglis. Catholic boys start the morning early with church and others sleep later than usual. The day consists of several different activities. After breakfast we have clubs which are different, like ultimate frisbee, etc. Then we have howl and letter writing period which is our ticket to Sunday dinner. After dinner we have relax and then Chapel. After Chapel is soak and then a cookout. The cookout is followed by the evening campfire.

JOHN FITZGERALD

A WORD FOR THE MOSQUITOS

(to the tune of twinkle, twinkle)

Buzzing, buzzing, mosquito,
why oh why oh won't you go.
You are really bugging me,
I can hear your fiendish glee.
That is all I have to say,
now watch out for my bug spray.

ROBERT MORRISON

MOWGLIS

Mowglis is a great place to develop skills that you don't normally get a chance to do. Riflery, archery, tennis, swimming, hiking, camping, crafts, crew, and many more as well.

ERIK SANDERSON

NOT MUCH TIME

Campers don't realize it but there is very little time left in the summer to work on industries. There are squads, trips, crew week, trip days, etc. when you aren't able to work on requirements. So you had better start soon and work on the goals you want to achieve. There are only about 20-25 more days so work fast and hard because there isn't much time.

KENYON ROBINSON

TENNIS

All year I have taken tennis. I think it's the best industry available here at Mowglis. The teaching is great and I've learned a lot. I plan to be in the tournament and hope to do well.

MIKE WILLIAMSON

WOODSMAN'S DAY

Woodsman's Day was fun. My team is the Chicken Chow Mein Yellow Bellied Sap Suckers. We won the day. I was second in chopping for form and came in fourth in the pack race. We won three straight victories in the tug-of-war.

COLEMAN LINDSLEY

WELLINGTON BEACH

Last Thursday Akela went to Wellington Beach with the war canoes. It was fun.

ERIK SANDERSON

DORMBALL

Basketball is played in Baloo by using a tennis ball and David's basket. The teams were Cliff and James against Tom and David. Tom and David won.

BRAD CRAGIN

INDUSTRIES

In riflery I got my Marksman First Class and am working on my Sharpshooter. In archery I am going for my Silver Arrow.

CLIFFORD MUNROE

CRAFTS

I like crafts. This year I am going to get my Black Ribbon. Yesterday we made wind chimes which are very nice.

JAMIE MORSE

WELCH AND DICKEY

Last Thursday Baloo and Toomai went on a trip to Welch and Dickey Mountains. We drove in two vans and had some trouble finding the turn-off. When we arrived we hiked up the mountain, had lunch, and then hiked back down. After our hike we went swimming in the Mad River and then back to camp.

ADRIAN WEST

LIFEJACKET TACKLE

When we canoed back from the Cockermouth River we stopped at a sandbar. We kept our lifejackets on and tackled each other. It was a lot of fun. We even tackled a counselor. Everyone had a good time.

JAMIE MORSE

The Yeatman Brothers

CROQUET

Last week I learned how to play croquet. At first I didn't think I would like it but it's a lot of fun. I am pretty good even though I have only won one game.

BRAD CRAGIN

FAST SUMMER

Camp has flown by this year. Suddenly crew week was upon us and announcements about achievements were being made in the dining room. All in all camp has gone by fast.

JAMIE MORSE

SUNSET

Last week Akela went to Mount Cardigan. It was a pretty easy pack trip. The first night we went to the top of Firescrew Mountain to watch the sunset. It was a really beautiful sight. The sky turned red and then the sun faded away, behind those huge, towering White Mountains.

MIKE WILLIAMSON

ANDROSCOGGIN RIVER TRIP

On Wednesday of last week Den left Mowglis to run rapids on the Androscoggin River in Maine. The trip lasted three days and was fun.

ANDY CARINI

MOUNT LIBERTY

On Thursday Den climbed Mount Liberty with Mr. Don Merrill, Mr. Bradbury, and Mr. Ringe. Some people had a little trouble because the pace was fast, but we had a good time. The summit was nice with a good view.

MIKE LAMPSON

THE SERIES

Mr. Prud'homme and I began a series that will last all summer in tetherball. Right now it is 3-2 in favor of Mr. Prud'homme. Of course he has a slight height advantage, but never calls any of my stringers or courts. The series will be close.

DUFFEY YEATMAN

LANDSPORTS DAY

Yesterday was landsports day and my team is the Chicken Chow Mein Yellow Bellied Sap Suckers. We came in fourth place but in the beginning were ahead for a long time. All in all it was a fun day.

CHARLES HERRING

MOUNT CROSBY

On trip day Panther went up Mount Crosby to trail clear. It was about a two mile hike. It took 1 hour and 45 minutes to conquer the mountain. Once we got up to the top we had lunch. After that we played around for a little while and Mr. St. John took a nap. An hour and a half later we packed up and headed down.

ZACHARY ZAITZEFF

DENITES

When you are a Denite you are supposed to set an example for all the other campers. If you do not set an example early in the summer the campers will not look up to you. So far we are off to a very good start with three inspection points and we have all pulled together into one good group. If we keep this spirit up it will be a very good summer for all of us.

KENYON ROBINSON

INSPECTION POINTS

The Den is doing great. We have three straight inspection points. Once we earn four points we won't have to stand inspection. That doesn't mean we won't have to fix our bureaus, make our beds, and sweep under them. If we don't keep the Den clean we will have to start standing again.

SI DAVENPORT

ARRIVING LATE

I arrived late to camp this year. As far as I can see Den is doing great and I am looking forward to a great year.

ALLAN PARKER

AXEMANSHIP

Axemanship is an industry that requires a lot of skill. But if you don't follow the instructor's rules, your chances for the ribbon are practically nil. So axemanship can be good, and it can be great; And you need your axe test, in order to graduate!

BOBBY LEE

CANNON MOUNTAIN

On Thursday we climbed Cannon Mountain. When we got to the summit we went to the observation point and had lunch. Then we climbed down and jogged over to see the Old Man of the Mountains.

ROB BORDOGNA

TRAILCLEARING

Last Thursday Panther went trailclearing on Crosby Mountain. Erik, Mark, Seth, and me carried the lively lads. As we started up we noticed a dog was following us. The trail was clear most of the way until we got near the top. Then it was all bushy. When we got to the top we saw a hawk and lots of blueberries. Mr. Merrill said to relax for about half an hour. Then when we were about to leave the dog started to jump down all the slippery rocks. As we got toward the bottom the dog booked in front of us and waited for us at the base. After we reached the bottom we walked another mile to the Hebron store for ice cream and the dog followed us there too. All around it was a fun day.

CHARLES HERRING

AXEMANSHIP

Axemanship is awesome. It is the best industry in camp. Today I finished felling my first tree. It was a beech and very hard. It landed right where it was supposed to and I think I passed.

JEREMY BEETON

THE GAME

Tomorrow some of Akela and Panther will go over to Camp Mayhew for a baseball game. This won't be any ordinary game because this time we are going to win. We have lost for who knows how many years. But this is going to be our year. So, Mayhew, look out.

BOBBY LEE

1987 Gopher Squad

THE BASEBALL TEAM

Last Tuesday one of the best baseball teams in Mowglis history went to play Camp Mayhew. After a long losing streak we played our best in an amazing 11-6 game. The best player of the game was undoubtedly Bobby Lee who hit a grand slam taking us from 7 runs to 11. I can't wait until we play them again.

JOHN FITZGERALD

AXEMANSHIP

Axemanship is a great industry. After only one day of it I really like it.

JON MARTIN

THE SOLO TRIP

The solo was awesome. We had to cook dinner and set up tents by ourselves. I learned a lot, especially to work in a team. I think everyone did a good job.

HUGO MARTIN

TENNIS

Tennis is a great Industry. I've taken it for eight industry periods and am going for my Yellow Ribbon.

IAN BUELL

TETHERBALL

I play tetherball every day. When I first started playing I could hardly hit the ball and didn't know the rules, but now that it's the end of the year I am getting much better at it.

MATT SEASONWEIN

A MOWGLIS HOWL

There are six dorms in camp including Cubs, Toomai which is where I am, Baloo, Akela, Panther, and Den. I have been here for three years and this is my first year in the Pack, and I enjoy it greatly. There is much more freedom and lots more to do. I play a lot of tetherball which is an important thing in camp. We have a very neat dorm but only one inspection point. Den is ahead so far with three points. It is good to be back with old friends and meet new ones. All in all camp is great.

ERIC LOVE

1987 Rifle Team

TOOMAI

This year I am in Toomai. It is my first year in the Pack. I have a friend named Eric. He is excellent at tetherball. Our dorm is neat, punctual, and yet we don't have very many inspection points. To the youngest dorm in the Pack, Toomai, I salute you.

PETER OLMSTEAD

PHOTOGRAPHY

Photography is fun. I love it. I hope to get my Black and White Ribbon.

SCOTT EARLE

CANOEING

In canoeing you learn how to be in the stern, the bow, and how to tie knots.

DAVID LAMPSON

TRIP DAY

On trip day we canoed up the Cocker-mouth River. We got lost three times but it was a good trip.

DONNIE DEMERCHANT

RIFLERY

Riflery is fun. You get five rounds for each target. You will find out how much fun riflery is when you try it.

KRISTIAN SANCHEZ

CAPTURE THE FLAG

On Saturday July 4th we had the best game of Capture the Flag I have ever played. Seth, Mark, Erik, Tom, Charles, and I were on the Skins. As soon as the first game started we began our quest. We went past the Crafts Shop and through the woods to come out somewhere between Akela and the upper ball field on the creek. We put our shirts on our heads and put leaves and ferns on top of the shirts for camouflage. It didn't work but it was fun. We went down the creek towards the Chapel bridge and then split up to look for the flag. Tom and Seth went towards Panther and Mark, Charles, and I went up again. Mark got caught, so we thought because we lost him. Charles and I caught up with Chris Valace who was on the other team which was closing in fast. I jumped behind a rock and Chris followed Charles. Charles fell in the stream and faked being hurt. I picked him up and then we took off down the stream again. We decided to walk through the stream all the way down to the Den bridge starting from Akela. When we got to the bridge we found out that the third game had been over for ten minutes. So we went down to the waterfront for a soak.

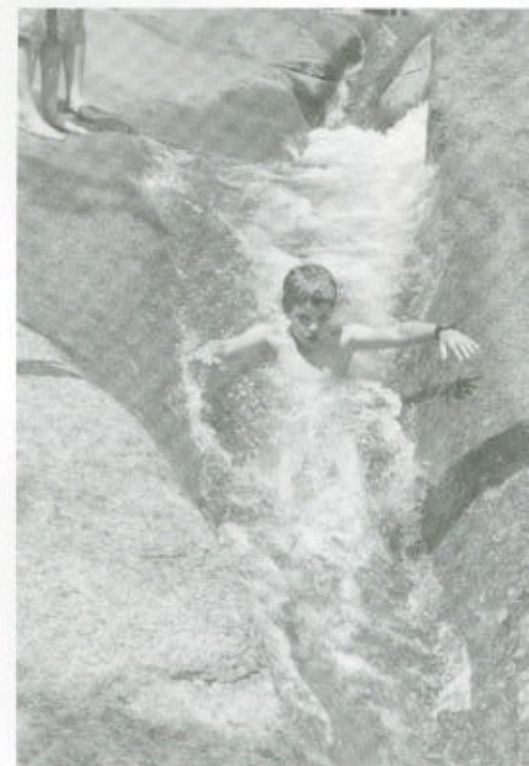

ROGER WILLIAMSON

TETHERBALL

Tetherball is a fun game. There is a ball attached to the end of a string, which is attached to the top of a long metal pole. The court is a big circle around the pole. Each player gets half of the court. The idea is to hit the ball over the other player's head until it wraps around the pole without going out of your court, without hitting the string, and without touching the pole.

DAVID LAMPSON

THE PAUGUS MILLS TRIP

On Tuesday we left from camp for Paugus Mills. We arrived at the parking lot around 3:00. We spent twenty minutes carrying our belongings into the campsite. We explored the area and then had a delicious spaghetti dinner with hot chocolate and marshmallows and went to bed about 9:00. We woke up at 7:30 and had pancakes for breakfast. We explored some more and caught frogs. We tried to build a dam in the brook so we could go swimming but only ended up with soaked pants and a few rocks in the water. Around 10:00 we began the 3.7 mile hike up Mount Chocorua. At the top it was foggy and you couldn't see very far. We got back to the campsite around 2:00. The next day we went to the old sawdust piles left from the old mill. Then we took down the campsite and drove back to Mowgli around 4:00. It was a great trip.

ERIC LOVE

LANDSPORTS DAY

Yesterday was landsports day and the Wienerschnitzle Vultures were dominant in all events. Mike Lampson amazingly beat Andy Carini in the marathon. Matt Lovering came in second in the 100 yard dash. Unfortunately there wasn't time for the tug-of-war so the Vultures couldn't show their true strength.

1987 Blue Racing Crew

CREW DAY

After five weeks of vigorous practice, crew day finally arrived. All through the week each crew worked hard at their headquarters doing posters and banners. Out on the course the forms and racing crews practiced every day. But today is when all the practice should pay off. The first event for the day was a parade with both crews cheering. It started on Gray Brothers Field and ended at the dining room. After that everything was normal until after inspection. Everyone got their posters and figures and lined up in parade formation. The parade started in front of the parents by Gray Brothers and proceeded to the waterfront. Everyone was nervous that day and had a right to be. The first boats out were the third forms and shell. The shell was trying to beat the three minute mark but unfortunately did not succeed. The next boats to go out were the second forms. Each boat rowed well and had good form but the Reds received the victory. The Red Crew cheered loudly. The first form boats went out next. Now it's not a question of form. It's who crosses the finish line first. Blue was definitely the underdog and I knew it because I was in the Blue boat. It took us ten minutes to get lined up because the wind was strong and blew us off the line. Finally, Mr. Merrill beeped the horn and we were off. It was tied for the first 40 seconds of the race but then I saw us pulling ahead. Near the end of the race Seth shouted sprint and Blue crossed the finish line a boat length and a half ahead of the other boat. I couldn't believe we had won. But the race that counted was coming up next. The racing crews got into their boats and rowed out to the starting position. The wait was nerve-racking because it took them 15 minutes to line up. But finally they were off. Blue got a great start and leaped ahead a boat length. But soon the Red caught up and it stayed tied for most of the race. At the very end the Blue started their sprint and crossed the finish line with a two seat lead. It was great. It was the first Blue victory I've seen.

ERIK BERNHARDT

CREW DAY

Crew Day was exciting. We woke up to drums and paraded to the dining room. We had a few count-offs and went back down into camp for duties. Then the Blue Second Form, which is the one I'm on, went to the waterfront for practice. In the afternoon the parents came and we paraded to the waterfront. The second forms went out and Blue lost. Then the first forms went out and this time Blue won. Then the racing crews went out. It was a close race but in the end the mighty Blue pulled ahead and won.

ERIC LOVE

CREW DAY

Crew Day is the best day of the camp year. I like it. I made third form cox which was fun.

PETER OLMSTEAD

CREW WEEK

Crew Week is a week of camp when the camp is split into the Red and Blue crews. Both crews row against each other on crew day. Each crew has three forms and a racing crew. The third form races first, then second and then first. The final and most important race is the racing crew which races last. The winning racing crew wins the day. This year the Blue won. They celebrated and their stroke's oar was raised on the flagpole.

JEREMY BEETON

CREW

Crew is a very important sport here at Mowglis which all the boys participate in. Not only does it teach us rowing skills, but it also develops deeper and more important traits such as cooperation, persistence, and the ability to, after you think you've given it your all, give more. Crew also teaches us sportsmanship. On crew day we exhibit our sportsmanship towards one another by, whether we win or lose, not rubbing it in, and, after the day is over we join together again as one camp, putting aside our different crews.

Alcott Farrar Elwell, Mowglis Director, 1925 - 1953

The Cubs of 1987

Mowglis Cub History, 1987

Seventeen cannon blasts on Opening Day echoed out over Newfound Lake to mark the beginning of a great adventure for the inhabitants of Mowglis' Ford Hall. The Cubs, fourteen new and five returning veterans along with the supervision of four senior staff members were to become the largest dormitory in camp, and one of the most accomplished Cub groups in Mowglis history.

Riflery, archery, rowboating, tennis, arts and crafts, photography, canoeing and nature along with instructional swimming lessons kept a very active group of boys busy for most of their days. Some of these campers excelled in their areas, earning one silver arrow award, four silver craftsman awards, seven pro-marksman medals, three marksman medals, two sharpshooter medals, and one canoe safety award. Furthermore, one cub swam a full Pack Waingunga.

A large part of the Cub program was spent by wonderful hiking, canoeing and overnight trips. We climbed Mt. Stinson, the Holt Trail of Mt. Cardigan, Cannon Mountain, Welch & Dicky, Plymouth Mountain (during an open period), Mt. Crosby, Little Sugarloaf, Sugarloaf and Bear Mountain (by the Elwell Trail). Our overnight trips to Cardigan Lodge, Ragged Island Nature Center and canoeing trips to Wellington Beach and Belle Islands rounded out a busy schedule of travel.

Keeping nineteen active boys busy on a day to day basis is a challenge in itself. Our free times were filled with many a controversial tetherball game. Baseball, kickball, flag football, cricket, dodgeball and the ever popular "Capture the Flag" were our favorite games. When not joining the Pack campfires the Cubs participated in interesting discussions on the kings of England, New York City, classical music, rock music, climbing Mt. Kilimanjaro, axemanship and also worked on a time capsule for next year's group to discover.

Whether it be in day to day duties and inspections or working on a skit which included two songs from "Oliver", the '87 Cubs have benefited by their experiences here. Cooperation, self-control and consideration were our most important lessons. Learning to respect both nature and the feelings of others and to live by these rules are accomplishments the Cubs will carry with them all their lives. **MOWGLIS CUBS OF 1987, WE SALUTE YOU!**

ELIZABETH GARNER GUTHRIDGE

METS VS. RED SOX

Hello. This is David Master reporting live from Cub Stadium in East Hebron, New Hampshire on the Monday afternoon game of the week. This is the game you've all been waiting for, folks! Mets against the Red Sox. This is going to be an exciting game! The Mets and Sox are two of the best teams. Well, folks, by the second inning the score was 2 to 2. Kevin and Pierce on the Mets scored a home run each. Chris on the Sox scored a home run and Aaron got a double but was forced out on the way to third. Now it's the third inning and the Sox are up. First and second innings were a tough draw between the two ballclubs and now the excitement begins! Natsuki has two strikes, one ball, and hits. It's a sacrifice short grounder to the infield and Ethan moves to third, with only one out. Chris, the power hitter, hits and it's a foul. He gets a strike and two balls. A beautiful hit from Chris! Look at it go! Ethan goes home on Chris' double. Nathan, another power hitter, gets four balls and walks. Greg is up, and after a showdown with the pitcher with a count of three and two, hits a fly ball to left field and Kevin catches it. It's an out and Mike is up. He steps up to the plate. Mike is a solid hitter. He waits out the pitcher but strikes out. The Mets are up now in this touch-and-go ballgame. Kevin is up with a strike on the swing. He gets a foul. He's under a lot of pressure. Wait! He hits a homer and it's going, going, going, and it's gone. What a hit! Pierce is up. He's 0 and 1 in this ballgame and he gets a double and an overthrow and goes to third. Cool Beeton's up now. He's a real power hitter. He gets a strike, ball one, and wait — WOW! What a hit! Look at it go! Pierce goes home and Cool Beeton gets to first. Carl is up, hits a fly ball to right field, it's caught, and it's out. Pumpin Pablo is up. He hits a long home run. Cool Beeton and Pumpin Pablo go home. Natsuki gets a grounder with a short hop and is out at first. It's the end of a close game, but the Mets rallied in the fourth and won it. This is David Master reporting live from Cub Stadium in East Hebron, New Hampshire on the Monday afternoon game of the week.

DAVID MASTER

4TH OF JULY

On July 4th we played the biggest game of Capture the Flag in Mowglis history. We watched a movie and it was interesting.

CARL SMITH

DRAWING

I like to draw pictures every day. I usually do it after lunch during relax.

FRANKIE LIND

NATURE

Nature is fun, nature is great. Mr. Unger is a good teacher.

AARON MARSH

CANOEING

Canoeing is my favorite industry because I like learning how to tie knots and how to swamp and unswamp a boat. The strokes are back stroke, back sweep, J-stroke, forward stroke, and forward sweep.

CHRIS HALMOS

MOWGLIS

I like Mowglis because of all the things you can do like riflery, crafts, tennis, swimming, and more.

KYLE BEETON

SOCCER

Today I went to soccer club. It was great.

MIKE ROBINSON

HIKING

Every Thursday we go hiking. Last Thursday we climbed Mount Stinson. It was fun.

PABLO DE LA LLAMA

MOUNT CARDIGAN

I loved having lunch on the mountain. I like the tuna fish. The rocky parts of the mountain were my favorite.

MORGAN GUTHRIDGE

MOONBALL

Moonball is fun. Moonball is popular. Moonball is great.

AARON MARSH

VISITORS

My Dad picked up Pablo and me at 10:15 a.m. and went to a beach that had a water slide. Then we went to Camp Pasquaney and picked up my brothers and their friends.

PIERCE NOLAN

ARTS AND CRAFTS

Everyday we do nice things in arts and crafts. Today I made a sign using woodburning.

FRANKIE LIND

FIVE DAYS

There are only five more days of camp. I have made a lot of friends.

CARL SMITH

ARCHERY

Archery is a lot of fun. I can't hit the target yet but someday I will.

WILLIE YEATMAN

MOUNT CARDIGAN

I liked climbing Mount Cardigan because some of the parts were very steep. And it was fun when I slipped down five feet. When we got to the top we could see a long distance. It was nice looking out. The most fun was camping in tents at the bottom of the mountain. We found an old fort and had fun playing in it.

GREG ROBERTSON

CLUBS

Today for clubs we went swimming. It was fun. I stayed in for five minutes. Then we went up to Cubland with Mr. Cooper to write Howls and letters.

ETHAN FEUER

DUTIES

Today my duty is orders. It is the easiest duty. The three hardest duties are writing porch, Kipling, and Kipling Porch because you have to sweep a lot. Orders is easy because all you have to do is tell the other boys what to do.

KYLE BEETON

THURSDAYS

Trip day is every Thursday. I had fun when we hiked Stinson Mountain. When you get to the top you take pictures. It took an hour to get up and a half hour to get down. It was a hard climb.

DAVID MASTER

RIFLERY

I like riflery and need to get a 35 which is very hard. Yesterday I got a 34. It was so close. I'm working on my sharpshooter. I may not get it this year.

ETHAN FEUER

TENNIS

Tennis is fun. I also like canoeing and giving the orders. Archery is also good.

JAMIE YEATMAN

CANNON MOUNTAIN

I like the tower at the top of Mount Cannon because you can see through the telescope. We ate on the rocks and saw lots of tourists. We gave them directions.

MORGAN GUTHRIDGE

CRAFTS

Crafts is fun. I am working on a wood project and a paper-mache smurf.

GARRETT BLAKESLEE

VISITING WEEKEND

This weekend I went sailing with Chris Halmos and his father, Mr. Halmos.

MIKE ROBINSON

CAMP

I like the food here and playing baseball. I also like hiking, canoeing, and moonball.

MUDIWA THOMPSON

CANOEING

In canoeing we swamped the boat and then had to climb back into it to bring it back to shore.

KEVIN WILKEN

CREW

Crew week is fun because we learn cheers and songs. This year was a Blue victory so it was an unhappy day because I was on the Red Crew.

PABLO DE LA LLAMA

CAMP

This week I had fun in riflery, canoeing, and playing capture the flag. My best friends are Nathan, Mike, Ethan, Nat-suki, and Kevin.

MUDIWA THOMPSON

VISITING DAY

On Sunday Mike Robinson came to my house and went sailing with my Dad while I went swimming with my Mom.

CHRIS HALMOS

PARENTS' WEEKENDS

On Saturdays your parents come to see you and the camp. Then they leave and we have dinner. Your parents come back to see the evening program we do with skits and songs. Parents leave again and come back at 10:00 the next morning to take you out to lunch. You have to be back by 3:00 for Chapel.

DAVID MASTER

MOWGLIS

I like Mowglis because I like Industries, soak, and playing moonball, basketball, and baseball.

KEVIN WILKEN

LOST CAMERA ON STINSON

I like hiking up mountains but I lost my camera. Mr. Bengtson had two old ones and he gave me one.

PIERCE NOLAN

CANOEING

Yesterday I went canoeing. I learned the J-stroke and side stroke. It was fun.

ETHAN FEUER

LETTERS

I have written a letter every day since Wednesday. I wrote one to my parents about camp. I wrote to my best friend in Virginia about what I do at camp. I wrote a long letter to my grandparents telling them who my new friends are. The last one went to my sister.

FRANKIE LIND

TRIPS

Yesterday we went on a canoeing trip to Wellington Beach. It was a five mile paddle. When we got there we went swimming and had lunch. Some people tanned. Then we went back to camp.

DAVID MASTER

Mr. Bill Cummings and Family with 1911 Cadillac

THE TRIP

When we arrived at the Cardigan Mountain campsite we helped put up our tents. We had dinner and then went up a large hill that was there. It was fun to roll down it. The next morning we climbed the steepest mountain in the world — Mount Cardigan. We went up the Holt Trail, had lunch, and went to Welton Falls when we came down.

MUDIWA THOMPSON

MOONBALL

The object of moonball is to wrap the ball around the pole, without hitting the string or stepping in the other persons court.

GARRETT BLAKESLEE

CREW WEEK

Crew week was fun because we all had a bandanna and the Cubs had their own race.
