2002 PACK HISTORY

Wayne D. King

The pouring rain of opening day 2002 at Mowglis gave way to the most glorious summer weather in Mowglis' history. As the Mowglis Men gathered together to watch the Toomaits shoot off the opening cannon in the lull between raindrops, few would imagine at the time that it would be their last full day of rain for the entire summer.

While the unusually hot dry weather created a few problems on the trails, ("Boys drink your water!"), it led to

week upon week of uninterrupted achievement and fun in camp.

The first week of Mowglis saw boys settling in and learning the Mowglis way - not an easy task for the "x-box generation" - but gradually boys began to catch on and the gray hairs growing on Mr. Bengtson's head began to slow down a bit. Although, among the boys, quickly spreading stories of the psycho-priest and Robert C. Blake's midnight meanderings kept more than a few boys on edge at night!

Bugle calls that were unrecognizable at first, became second nature with a little help from Mr. Love and his melodious reminders: "Industries! That was industries gentlemen... go to your industries!"

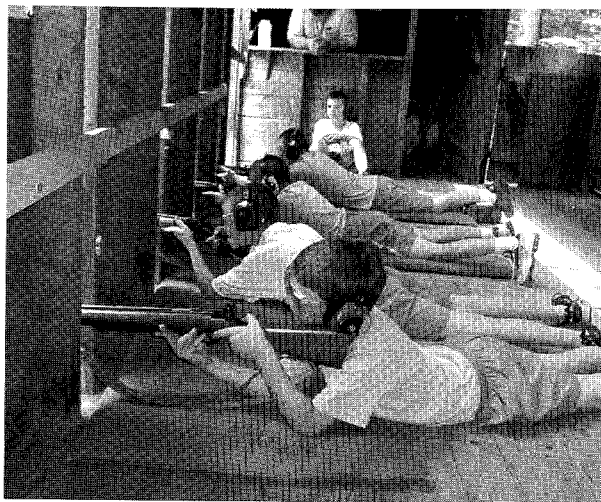

No sooner had we all settled into the in-camp routine than the entire camp hit the trails for their first overnight trips. Baloo and Akela conquered Cardigan and learned to balance a raft while sinking it under their combined weight. Panther conquered the Montalbans and Toomai took the rocks of Belle Isle and the slopes of Sugarloaf. Den showed their position of leadership among the Mowglis by heading straight for the Mahoosuc Range and the "longest mile" of the Appalachian trail - Mahoosuc Notch. There they discovered that what AT-hikers complain about, a Mowglis man treasures... as the ice and caves of the Notch yielded cool adventures to those wise enough to pause there.

Back in camp for the third week, Industries began to take on a much more serious pace as boys planned ahead to fulfill the rigorous requirements for Mowglis ribbons in sailing, windsurfing, camping, nature and many more activities. Chief King's Indian Sweatlodge campfire was just the ticket for launching Mowglis into the last "moon" as each boy was challenged to cast off the bad wolf inside him and embrace the good wolf. The joyful look on boys' faces when they emerged from the steaming teepee

and ran screaming into the water was a moment that will long be recalled as our summer of fun and achievement turns into a lifetime of memories and friends.

There are few lulls in a Mowglis day and an outstanding staff made certain that even those were filled. Few will forget the games of "Knockout" where

Mr. Wichmann and Mr. Maggin challenged each other for dominance in dunking a basketball; or the pickup games of basketball where Malik Knox dribbled circles around Mr. Guhl, or the numerous games of Ultimate Frisbee on the lower ball field where Mr. Chado learned more than a few interesting English phrases for his classes back in Istanbul.

Week four saw the Mowglis Men take to the mountains and lakes of NH once again. As Panther headed for the Mahoosucs their trepidation for the challenge turned to confidence and a sense of accomplishment. Den saw more than

their share of moose during their four days on the Connecticut Lakes with Mr. Love and Ms. Levandowsky; Baloo took on the challenges of

Sandwich Dome; Akela faced their first backpacking trip and came back filled with new self-confidence; and, Toomai conquered the most difficult trail up Cardigan - the Holt Trail - named for Mowglis' Founder, Elizabeth Ford Holt.

Squad week saw the two honor squads departing after only a few days rest, with Mr. Tracy and Mr. Greenwell leading the Mount Washington Squad and Mr. Hulme and Ms. Parker leading the Gophers. As always, the Mowglis reputation on the trail was enhanced by the boys' helpfulness in the huts and their prowess on the trail.

Meanwhile, back in camp, one could sense the unity of the Mowglis. Visits by Mowglis Alumni yielded outstanding campfires like Mr. Walbridge's "Cool Tools" campfire and his whitewater demonstrations; Mr. Abe Unger's campfires on musical stylings and drama; and, Mr. Craig

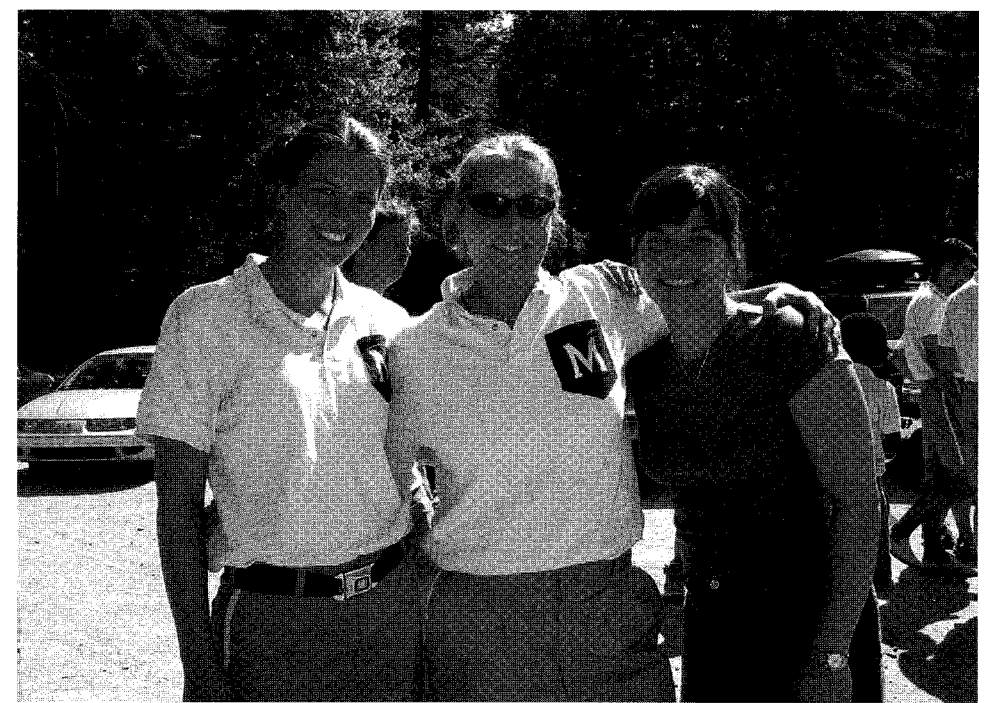

Bengtson describing how he produces Peter Jennings' News Program. Not only did boys learn valuable lessons, but also learned by example that they were forever part of an important family... the Mowglis family.

Crew week burst onto the scene with high spirits. Yet above all, teamwork and sportsmanship were its hallmarks. As boys gathered around the crew bonfire on the eve of the big race, Red and Blue together spontaneously placed their arms around each other and sang the Mowglis Boating song - and every Mowglis knew we were all winners irrespective of the outcome of the race still to come. On Crew Day the hard work of crew coach Mr. Henry Livingston III and all of the boys paid off with races that made for one of the most exciting

Crew Days in recent history. In the end, Blue Crew prevailed, but every boy did himself proud.

Just when we were all getting the hang of Mowglis life, the final week of camp was upon us. Boys and staff worked feverishly to complete as many requirements as possible, before the end of summer, to finish ribbons or position themselves for a quick achievement in the Summer of 2003.

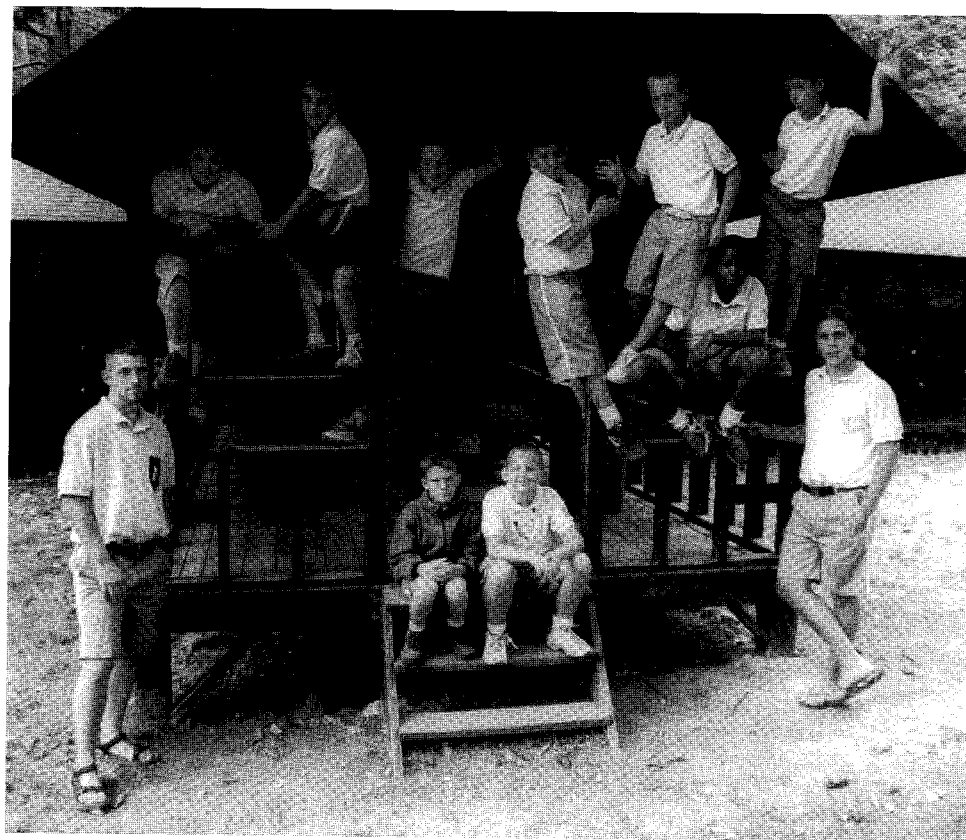

As summer draws to a close and we watch the candle boats drift out onto our beloved Newfound Lake, we look to the future. Tomorrow, each boy sets out on his own trail, carrying his own unique set of memories into his future. But there are certain things that we will forever share: new confidence in ourselves as we face challenges in our lives; a can-do spirit of achievement

and cooperation; higher standards for ourselves and a more powerful sense of personal responsibility for our actions. Our place in the Mowglis family is permanently established. Mowglis will always be a place we can come to, in person or in our hearts, to remind us of the things that are real and abiding in our lives: friendship, passion, commitment, brotherhood, teamwork, excellence, acceptance. The timeless words of Mrs. Holt ring down through the years as we face the future.

*There's a trail that thou must follow
Oh thou man cub of tomorrow
Strong of limb and clean of heart
Let thy hunting help the weaker
Toward the path that's straight
and narrow
On the trail that shows no favor
Brothers all, we hunt together.*

***Mowglis 2002,
We Salute You!***

Mt. Cardigan

"Toomai's trip was to Mt. Cardigan. We didn't hike the first day. We stayed at the base. The counselors with us were Mr. Maggin, Mr. King, and Mr. Medina Mora. Mr. King said that once we finished unpacking our stuff we could go swimming. So, we did, and while we were swimming, Buzz dove off the raft and lost his suit to the bottom, and then found them, and then he dropped them again and lost them. On the second day, we hiked the Holt trail. It was a rough hike. John conquered his fear of heights. We took a different trail back. When we got back we unpacked our backpacks, then we went swim-

ming. I dove in and thought I saw something. I went back down. It was Buzz's suit! I came up yelling that I'd found it. He didn't seem that happy. I was thinking of dropping it, but I didn't. On the third day, we had to take down our tents and as soon as we were done we could go to Welton Falls. The water there was cold. Everyone jumped off the 25-foot cliffs except for Christian because he thought the water was too cold. We saw two people jump off the 60-foot cliff. Then we hiked back to the base and the bus picked us up and brought us back to camp."

Jay Hurdman, Zack King, and Britt Beal

The Raft

"Today, Nik Knowlton, Mr. Nadler, Mr. Tracy, Mr. Elliott, Pablo and I went swimming to the raft. Nik and I had to wear life jackets because we are not in Swimmers yet. We had a lot of fun, and Nik and I liked it!"

Britty Beal

Rowing

"On Sunday, we have Clubs, and I was in Rowing. I was Third Oar, and then they switched me to Cox. I stunk."

Alex Stockbridge

The Half Pipe

"We just went to the half-pipe. I went on it on the scooter. It was scary at first, but I got used to it."

Joey Dupree

The Camping Trip

"I forget which day we went on a trip, but we did. We painted ourselves with charcoal. We pretended to be Indians. We collected pinecones, and had a pinecone fight. It was fun."

John Mauran

Onaway

"When Onaway came, it seemed a little strange. They had double the

amount of campers. I don't think any of us girls and boys were nervous. We all had a really good time. When Onaway left, all the fun was gone, but they left the cake all for us and it was all gone pretty quick. Overall, I think we should do that more often because we all had a lot of fun."

Britton Fortin

The Ant Lion

"The Ant Lion... Yesterday, I caught an ant lion. It was pretty big. I made a little habitat for it, and it made its hole. But, I have yet to see it move."

Jay Gulitti

Sunburn

"On Wednesday, I didn't have a shirt on, and I got really badly sunburned. I asked Ms. Parker about it and showed her the sunburn and she said

to go to the nurse. The nurse helped me and now I'm better."

Mike Stillings

Taps

"Every night when Taps blows, I stand up at the foot of my bed saluting. What Taps reminds me of is the army. Taps is my favorite song. Everyone laughs at me when I do it. I just started two days ago."

Christian Herberger

Camping

"I chose Camping for an Industry. Mr. Tracy is in charge. It was the best. We learned how all of the stoves work, and how to set all the tents up. I think Mr. Tracy is the best Trip Master ever. I can't wait until he is in my dorm! I learned so much from him!"

Jay Hurdman

Belle Isle

"On Tuesday, we went to Belle Island. Lowell and Ms. Parker and Mr. Wichmann and I canoed in a war canoe. We climbed up a big rock. It was fun!"

Peter Kilmartin

Franconia Falls

"On Trip Day, Toomai went to Franconia Falls. We went swimming. Britt and I jumped off the big cliff. We had a very good time."

Zach King

Mr. Nadler

"Mr. Nadler... I have heard 'Howls' about Mr. Love and Mr. Greenwell. They are both cool, but

who else I think is really cool is Mr. Nadler. Unlike Mr. Love (aka, 'Cousin'), Mr. Nadler is not as hairy. He is lucky because I think it attracts the ladies more. I mean Mr. Love is cool, and it's unique that his chest hairs curl, but I really think Mr. Nadler is so-o-o cool."

Britty Beal

The Waterslide

"On Thursday, we went to Franconia Falls. It was really, really fun. There was a natural waterslide, and a huge cliff. It was great."

John Mauran

Campfire

"I love Campfire. Two nights ago, we had a movie in Gray Brothers. I was very tired at the end of the movie, but it was very fun. I hope we watch more movies soon."

Austin Elswick

Cardigan

"Toomai went to Mount Cardigan. On the mountain, there was a fire tower and a secret spot under the little trees. We used it as a hide-out, and we had a meeting."

Mike Stillings

Overnight

"On Trip, we went to Mount Cardigan. On the last day, we went to Welton Falls. It was fun."

Alex Stockbridge

The Mystery Car

"When we went on our trip to Mt. Cardigan, our campsite was at the base of a hill. At the farthest place we went up the hill, there was this old

Volkswagen Beetle. It had bullet holes on the sides. It was creepy!"

Jay Gulitti

Arts and Crafts

"I think Arts and Crafts is the best. I'm working on a leather belt and making a design around the holes. I also made a clay pot. Arts and Crafts is one of the best things."

Jay Hurdman

The Chip Trap

"One day, Christian and Jay built a chipmunk trap. It didn't work the first time because the hiding spot was too small. We made another one and we hope this one works."

John Mauran

Haircuts

"Today, we got haircuts. The barber didn't cut my hair exactly the way I wanted it, but it was still cut well. A lot of people looked funny in their haircuts. I wore my hat a lot so no one could see my haircut. After haircuts, I was going to do the Drama Club, but not enough kids joined, so I went to the Relax Club. I listened to music and read video game magazines the whole time."

Cameron Carothers

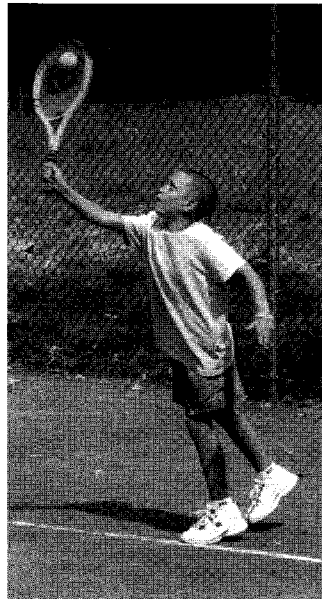

Sandwich Mountain

"We went to Sandwich Mountain. It was fun. One morning, we woke up the counselors three times. They were mad!"

John Mitchell

Mr. Chadd's Writing

"Mr. Chaddo is real cool. The only thing I can't understand is his

letters when he writes home. He has funky works, like golde, and trasi, and other words you can't understand if you're not Turkish, like I thought ibodet meant idiot. I wish I could read Turkish and not be so confused."

Malik Knox

Onaway

"Last night, Camp Onaway came for the Fourth of July. I saw my cousin, and I had a lot of fun."

"Dear Howl... We went swimming on Saturday, and then we had our Industries of which mine is Riflery. We got to shoot real rifles and I actually hit the target! And then we went to campfire and after that we had to go to bed."

Chris Hurdman:

Welton Falls

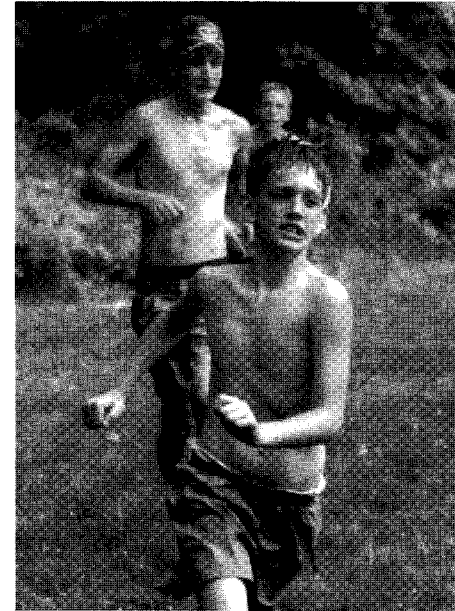

"I went to Welton Falls, and jumped off a cliff.

It's fun. The only thing is, it makes you feel like a maniac! And, the edge of the cliff is slippery, so it feels like you can fall any second. For all that I know, camp isn't that bad."

Malik Knox

Onaway Fair

"The best thing I did was to play with the Onaway girls at Cubs field,

Lower ball field, and Grey Brother's field. We did soccer, relay races, and human knots. We had a barbecue at the lower ball field with them. At dessert, we had tons of Coke. When they left, we got to punch Mr. Chad Bradbury's belly."

Alex Le Jeune

Why?

"Why do Ms. Parker's cheeks turn red? Does she mean to, or is it just in her head? Why is Mr. Wichmann so short? But, when he plays basketball, he's fast on the court? Why

does Mr. Chaddo like soccer as a game? Sometimes it's fun, but usually it's lame. I wonder why I wonder why? It's my life... It's just I."

Malik Knox

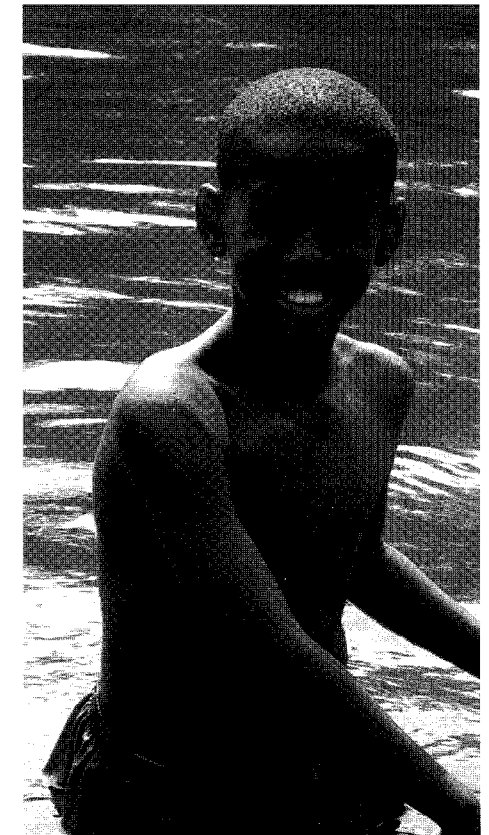

Brass Choir

"Today, the Brass Choir went to Laconia. We had to wake up at 6:45 to eat breakfast. After the service we ate refreshments. It was very fun."

Kyle Stockbridge

Jennings Peak

"This week, we went to Jennings Peak. It was a really hard hike for a small mountain. Everyone kept asking when we would get there but nobody knew when we would reach

the summit. When we finally did get to the summit, we had PB&J sandwiches with Chewy bars and Mr. Greenwell's trailmix. On the way down, people started asking when we would reach the bottom and Mr. Greenwell would go nuts. When we got back to our campsite, we had dinner, then we had marshmallows and Snickers and Kit-Kats. After that, we went for an evening soak in the river. When we went to sleep, everyone left stuff outside and it poured. You can imagine what everyone's stuff looked like. The next morning, we had pancakes and bagels for breakfast."

Alex Le Jeune

Mt. Cardigan

"Mt. Cardigan... Mt. Cardigan was where we went on our overnight hike. Where we camped there was a pond nearby where we caught newts, went swimming, and played on the dock. When we got to the top, we got to go in a fire tower."

*Cameron Carothers
Crew*

"Today, I did Clubs. For Clubs, I wanted to do Tubing, but I couldn't. I chose to go watch Crew. It was fun to watch. I like Crew a lot. The crew boat we go on is pretty fast."

John Mitchell

Drama Club

"Today, we had Drama Club. It was very interesting. We went into the Green Room, and found our costumes. The Ping-Pong Club people kept coming in and trying to scare us, but they didn't. I'm the manager, and

I wear a tuxedo. We all had fun."

Kyle Stockbridge

Land Sports Day

"Yesterday, we had Land Sports Day. It was loads of fun!!! We had games from the 50 yard dash, 4 X 100, 6 X 100, the crab walk, and the marathon race, to the frisbee throw, the football throw, and the softball throw. (What I'm trying to say is, we had tons of games.) I was supposed to do the long jump and the fifty yard dash, but because of my speed, I did those plus the 6 X 100!!! My team, The Lightening Eagles, won a lot of events. I think we won Land Sports Day, but the best part was that we all had fun!!!"

Cameron Carothers

Ping Pong

"Ping Pong was fun because we played like five games and won most of them. Then it got boring."

Mike Bartlett

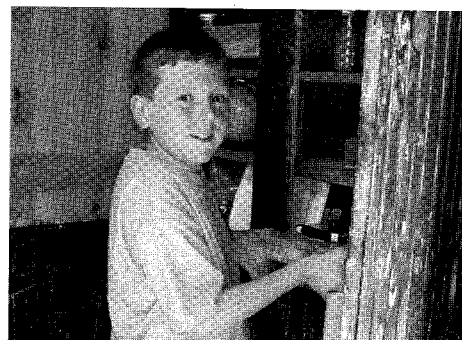

Relax Club

"Today, we had Clubs. I did the Relax Club. All we did was listen to music, and play board games and read. I brought some of my magazines and let people read them. I played chess with Cameron, and lost horribly. I think the Relax Club was the best."

Roland Bradshaw

Kilkenny Ridge

"This year at Mowglis, Akela did its first pack trip. We did the Kilkenny Ridge Trail. That trail is made up of Rogers Ledge, which is a high ledge above a forest, Unknown Pond, which is a huge pond surrounded by moun-

tain, The Bulge and The Horn, which are two other mountains on the trail, and Cabot Mountain. We stayed at a campsite below Rogers Ledge, and a cabin on top of Cabot Mountain. It was very hard because of the terrain, and our packs were so heavy. After Cabot Mountain, we hiked down a muddy trail. The mud was like quicksand. The trail finally ended at a fish-breeding farm. It was a long, hard, and weird trip, but we made it! Me, Gavin, Franky, Mike, Stephen, Beans, Mr. Cool, Loll, Mr. Hard, and Mr. Tracy. "Me" is Joseph Kerwood. And, Camp Mowglis is the best!"

Joseph Kerwood

Crew

"Crew is a great sport. Mr. Livingston said that he might have to take some Akelite for rowing crew. I'm hoping that I might get chosen this year."

Gavin Schober

Table Boys

"Today, I was table boy, and it stinks because I was table boy yesterday!"

Frank Ullmer

Ribbons

"Rowboat Safety ... I got my Rowboat Safety! Now I'm halfway to getting my Silver Ribbon. If I get it this year, I'll have earned two ribbons. I already have my black ribbon. That's Arts and Crafts. Also, if I get it, I'll be two more ribbons closer to the Inner Circle. It would be funny for me to get in Inner Circle next year!"

Joseph Kerwood

Red or Blue

"I am excited to find out which Crew I'm on. I favor neither Crew, so it is easy for me. I hear they are announcing them today."

Gavin Schober

Drama Club

"Clubs, Again... For clubs this week, I did Drama. We are doing a funny play for Parents Weekend. I play the waiter, and I get to tackle Mr. Hard! It's really a funny play! I'm coming every sign-up to practice!"

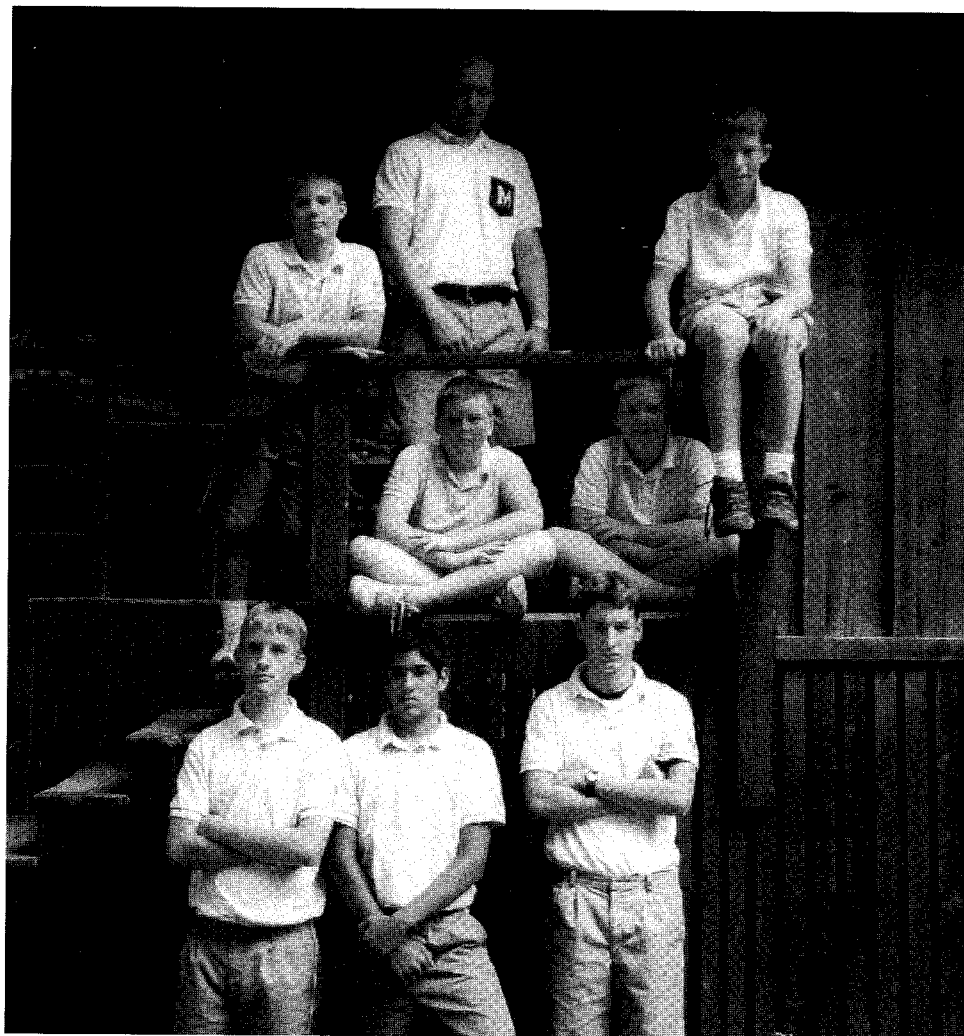

Joseph Kerwood

Monty Python

"In Drama, we are doing a restaurant skit. It was made up by Monty Python. We are performing it for the parents on Parents Day. The play is really funny."

Roland Bradshaw

Mowglis

"M: Men, O: Outstanding, W: Waingunga, G: Gray Brothers, L: Love for One Another, I: Industries, S: Swimming

Mike Hudson

Mt. Washington

"This week we went to Montalban Ridge. We hiked mainly on the Davis Path. We hiked Mt. Davis, Isolation,

Stars, and Washington. On the top of Washington, we got hot dogs and soda. It was the best part of the trip. The food was good, too. The first night, we stayed at the Resolution Shelter. Some of us went to some cliffs and spent the night under the stars. The next night, we stayed at the site of an old shelter, and I cooked dinner."

Andrew Berkey

The Thieving Chipmunk
"The Thieving Chipmunk ... One day, I came into the dorm and a chipmunk was trying to steal a Tupperware container from our trip to the Mahoosics. I took a pinecone and threw it. The pinecone missed, and the chipmunk was about to get away, so I threw a rock. The rock also missed, but the chipmunk dropped the container and accidentally fell off the porch."

Austin Jennings

Hiking

"I love hiking here. When we hike I carry as much as I possibly can to challenge myself. I love the sights. And, it makes me appreciate nature and what I have."

Adam Billingslea

Crew Week

"There are only two more weeks of camp left. Next week is Crew Week, and after that is the final week. Today, they announced what crew the new people are on. Crew Week is the best week of camp."

Andrew Berkey

I Like It!

"I like this camp because the staff is good. Thank you very much for this experience. The guys from Panther are nice. The camp is a very nice place. I like the food and the trips. Thank you so much!"

Mauricio Calderon

Camp

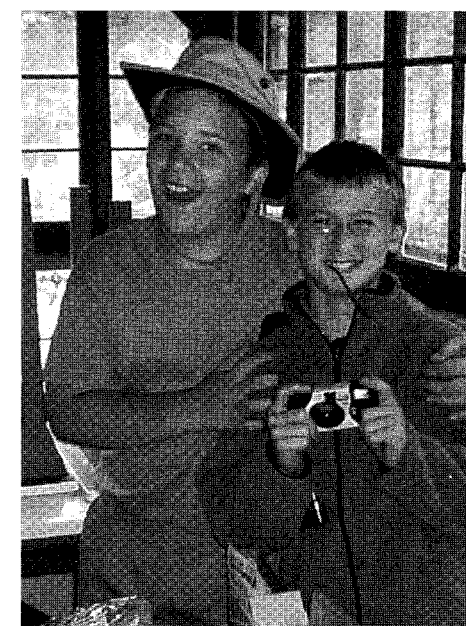

"Camp... I love camp. It is my most favorite place in the world. I especially love Riflery with Mr. Rose, and

even more, Camping, because of Mr. Tracy. Mr. Tracy is a stud. He is my favorite counselor. He teaches me all about camping, and how to say more words in English. I also have a great passion for Mr. Greenwell's spotlight. It is fun to play with. But I don't like when he shines it in my eyes. I love this place very much."

Mauricio Calderon

Mount Washington

"Mount Washington... When Panther finally reached the summit of Mount Washington, all the people were happy – and counselors, too. We looked at some cars going down the hill, and took a small break. Patrick

was the last one on the mountain. We got candy on top. We also filled up our water bottles. I'm so glad we made it to the top."

Michael Hawkins

The Mahoosucs

"Last week, Panther went to the Mahousics. It was really easy, though Den said it was hard. The second day was the best. We went down "The Arm" and through "The Notch." It was hard, but fun. We did not get lemonade because we were bad. The trip was good, anyway."

Andrew Berkey

Onaway

"Yesterday, Onaway came."

Tyler O'Neil

Riflery

"This year, I did not think about Riflery until the last Industry period when I did not have anything else to do and thought I need my Sharpshooter to graduate next year and could at least get closer to it. I never thought I could get it but I did, and almost got my First Bar. In my opinion, I did, but Mr. Rose said it did not break the line so I ended up with just my Sharpshooter's and one target away from my First Bar. Even though

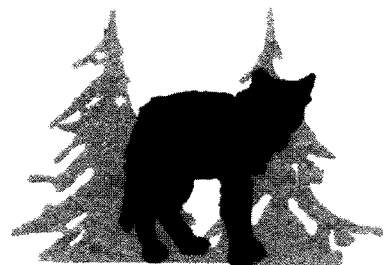

I did not get my First Bar, I had a lot of fun, experience, and a graduation requirement, too."

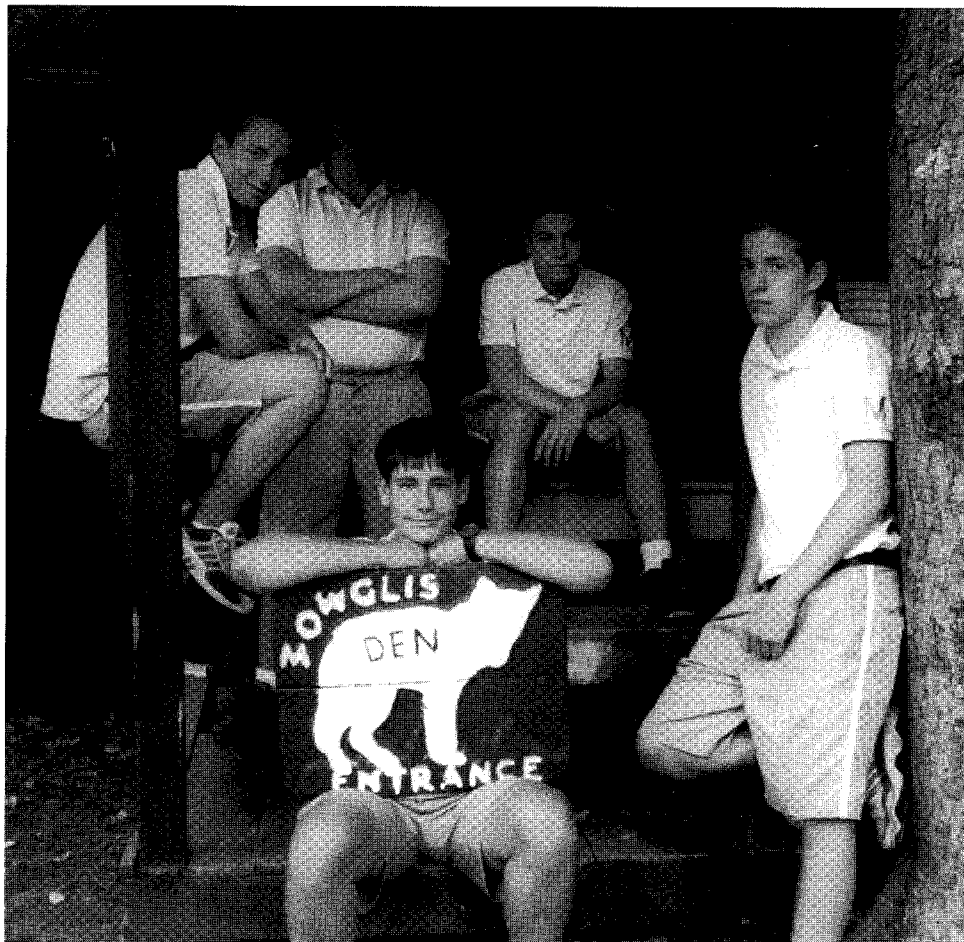

Andrew Berkey

Howl

"H: How to do many sports, O: Outside in the wilderness, W: Writing of things in the future and past, L: Living in an old dorm with friends."

Michael Hawkins

Last Three Weeks

"These last three weeks are the most memorable and fun weeks of the year. You get to see what you are made of, and compete against everyone. I wish these times could be longer."

Dann Arroyo

Onaway

"It was fun to have activities with Camp Onaway. It was good to meet new people, and do fun activities. I wasn't able to stay for dinner because my grandmother and her friend, Rob Brown, came and we all went to din-

ner. Hopefully, the Den and the rest of the camp will have fun doing future activities with Camp Onaway."

Jonathan Lassoff

Mr. Hard

"Mr. Hard is the best counselor I've ever met. Mr. Hard was the best camper I ever hung out with. Mr. Hard is the director in the Drama Club. He is the smartest man alive, and he is also the funniest man in the whole camp. The reason why I am writing about Mr. Hard is that, 1- he wanted the Den to write about him,

and, 2- I wanted Mr. Hard to hear one of the Denites write about him."

Taylor Feuer

Mowglis Mom

"Ms. Parker is the most kind-hearted counselor there is. She really cares for our safety and well being, and is a great value to the camp. She truly makes Mowglis Men. Sincerely, Den"

Gabe Arroyo

Tuesday, Bingo!

"This Tuesday was the best. In Sailing, I got two of my requirements for my Golden Anchor ribbon. We played games in Canoeing, and I won The Ape's Dessert. In Riflery, I got halfway to my first bar. And, my friends, Mr. Livingston helped us carry in and try out the old crew boat, before he brought in the new crew boats. I hope that with the efficient team we have, with the added advantage of the lighter new boat, we'll try to break standing records, which we'll probably do. And, to top it all off, we'll proudly sing the Den Song in the dining room."

Jonathan Lassoff

Mr. Tracy

"Mr. Tracy is the Trip Master and plans trips. He's funny and easy-going. Our next trip is to the Connecticut Lakes. I can't wait. I would like him to join us on this trip. Signed, The Den"

Gabe Arroyo

Windsurfing

"Today, I did the Windsurfing Club. It was a new experience for me because I had never done it before. At first it was hard to balance, but then it became easier. When the wind picked up, I could go pretty fast, but when I got far away, the wind stopped."

Some kayakers had to tow me in. It was a lot of fun!"

Doug Westberg

Mr. Love

"Mr. Love sure is a great man. He is a friend to campers and counselors, alike. He hiked the Appalachian Trail. He is the hairiest man alive, but that doesn't keep the ladies away. His unbelievable buff-ness inspires awe in even the strongest of bodybuilders. He doesn't allow any rules to be broken. He's swell. L= Lavish Hair, O= Obedient, V= Very Strong, E= Extra Caring.... Signed, The Den"

Gabe Arroyo

Tubing

"Today, I went tubing with some other Denites. I went first, but I didn't stay on for very long. Dann stayed on, but Gabe didn't stay on very long either. It was a lot of fun."

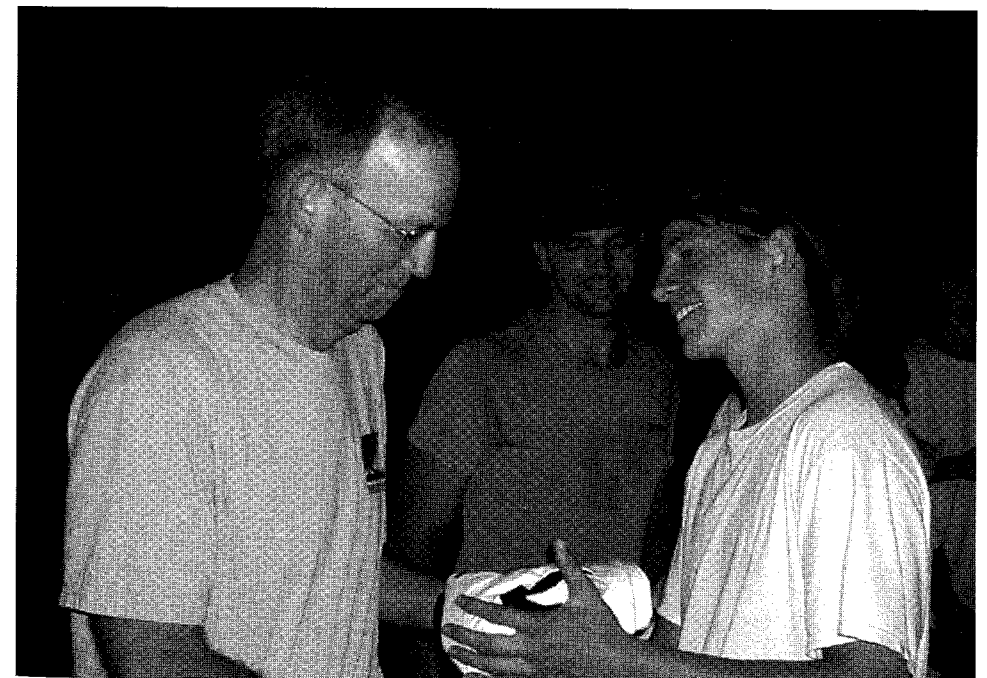

Doug Westberg

Mahoosucs

"On Tuesday morning after breakfast, Dann, Gabe, Doug, Jonathan and I went to the starting point and hiked 2.7 miles, and stayed at the first shelter, and Mr. Greenwell, Mr. Nadler, Dann, Gabe, Doug, Jonathan, and I ate about 31 servings of rice with

pork sauce, and slept. The next day, we packed up our stuff and hiked for 3.0 miles and made it up to the top of Goose Eye Mountain, and we hiked down the mountain and slept and ate at Full Goose shelter. On the third day, we hiked up to the Notch and it had leftover snow and ice, and it was about 7.2 miles, and then we hiked up the Arm, and then we went to the third shelter. On the fourth day, we hiked on the mountain, and we followed a trail to the road that Mr. King was going to pick us up at. Then we went home."

Taylor Feuer

Howls from "Sensitive Soul"

Mr. Pamachu

"Mr. Pamachu... Mr. Pamachu is the perfect role model and the perfect counselor. He is good with all ages of boys. Boys in Toomai think he's nice. He is kind to all ages of boys, big and small. I must say I've received more compliments from him than other counselors. And, best of all, he plays ping pong!! Mr. Pamachu is honestly the coolest Turk I know! All the other counselors should use him as a role model. Not that the other staff need to be any better, because all the counselors here are top notch. Sometimes the other people call him, "Mister P." So, keep up the good work, Master P!"

Sensitive Soul

Tubing

"Tubing... Today, I went tubing. I went out of the wake and flipped. It was scary but fun. Everyone had a great time."

Sensitive Soul

Crew

"Crew... Crew is hard, but more fun than I'd thought. I can't wait for Crew Week. Hopefully, I'll be on Crew!"

Sensitive Soul

Sailing

"I love sailing. I love the yellow boat. It is so fast. I love sailing."

Sensitive Soul

Mowglis

"This is the place to be! There is

always something to do and plenty of swell people to talk to. We are shaping up for the outside world. The things we do and the places we go will always be remembered."

Sensitive Soul

Franconia Falls

"On Thursday we went to Franconia Falls. It was 3 miles. We went swimming and we went on a water slide and it was fun and I saw a big rock that I climbed. I finally got to the top and looked down and I was scared. I walked down and jumped a little."

Sensitive Soul

Newts

"We went to a pond. There were a lot of newts. We caught a lot and we made habitats and it was fun."

Sensitive Soul

Crew

"For the past two weeks we have been practicing rowing in the new crew boats. It is fun and I hope to be on the racing team."

Sensitive Soul

Belle Island

"A few days ago, we went to Belle Island. We had a good time. There was a big rock we climbed. There was a nice swimming hole and we had a good time."

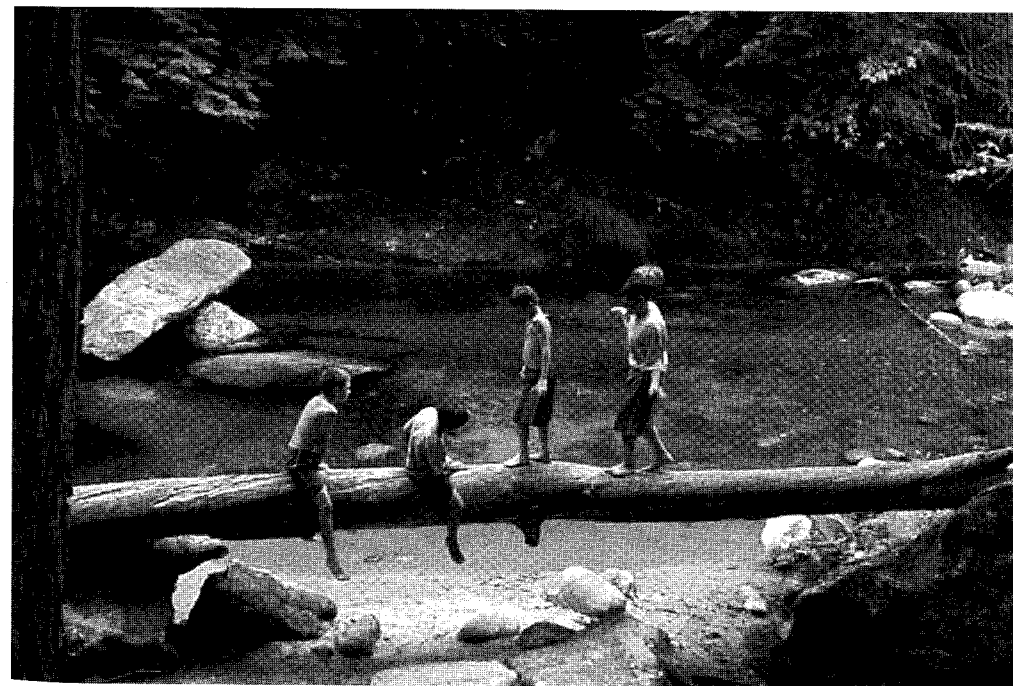

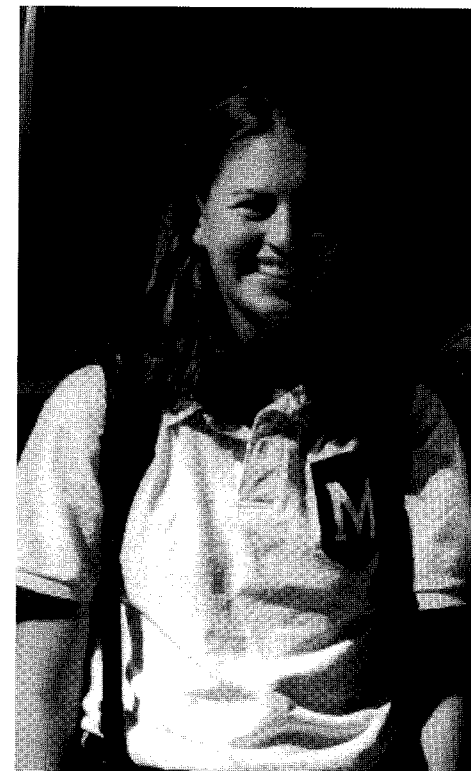

Sensitive Soul

Gopher Squad

"My first summer at Mowglis has given me many opportunities that I

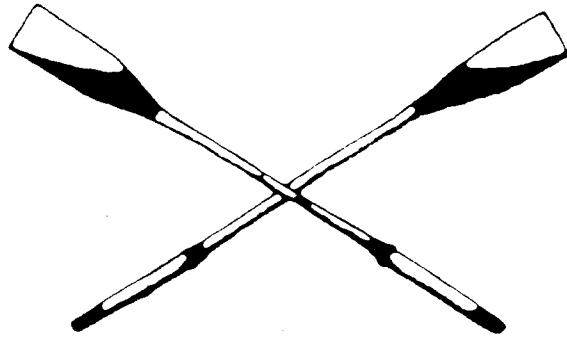

would not have had unless I came here. The most memorable of these was my two days on The Gopher Squad. I was flattered and shocked by the invitation, but initially I was anxious about spending two days hiking on an honor squad. However, as soon as we got on the trail, all my apprehensions left me and I started to enjoy the company and the beautiful hike. I had never been in an AMC hut and I was totally shocked at how beautiful Galehead Hut was. Mauricio, Adam, Andrew and Mr. Hulme were great people to hike with, and awesome examples of perfect Mowglis boys and staff. The Gopher Squad is something I am sure I will remember for the rest of my life. By far, this trip was my favorite Mowglis experience."

Ms. Emelia Parker

CREW

"Swing, swing together; thinking not of yourself but the crew"
